Snowmobile race given go-ahead

Organizers of snowmobile and ATC races scheduled for this Saturday and Sunday gave the thumbs up sign earlier this week when cold temperatures made track building possible.

Kim Emmerson said efforts to create a drag racing track on the ice of Head Lake were successful, and the races will go ahead as scheduled.

Snowmobile drags are slated for Saturday, with registration to close at noon and the first races set to get underway at 1 p.m. Contestants can choose from seven stock classes with an entry fee of \$5 and trophies up for grabs, or four modified classes with a \$25 entry fee and a 75 percent prize money return.

On Sunday, three wheelers as

Muskoka strike brings students

Haliburton high school has accepted 20 students from Muskoka whose classes have been suspended by a teachers' strike.

Most of the students are in Grades 9 and 10, and the majority of them are female, according to principal Dale Robinson.

A limit of 20 students was set because it was the maximum number who could be fitted in without extra staff. It brings enrolment at HHSS up to approximately 600, where it stood in September.

The principal said some of the students live in the northern part of Haliburton County but normally attend high school in Huntsville. Others live in Muskoka but their parents also own property in the county. A few of the students have no direct connection with the county school system.

Cost of the students' attendance at HHSS for the duration of the strike will be met by the Muskoka board of education.

This cedar log barn is thought to have been built in the year Canada became a nation. Work is presently underway to dismantle the structure and move it to the Haliburton Highlands Museum, where it will be

put back together as part of a display of the early days in Haliburton County. The ladder leaning up against the barn is made from a single cedar log split in half.

Weather looks good for Carnival

With winter weather almost certain to last through this coming weekend, final plans are underway for this year's Haliburton Winter Carnival.

A number of traditionally popular activities have been included in the programme, and organizers believe they have included one or more events that will appeal to every taste and interest.

The carnival gets underway Friday with the opening of the weekend-long fish derby, ice sculpture judging, free family skating at the

Dysart arena, a chili supper at the arena auditorium, the first games of the PineStone Inn bonspiel, the opening of the Rails' End Gallery show, an OMHA Atom playoff game and a teen dance at the Haliburton Legion, where the Carnival Queen and princesses will be crowned.

Saturday's activities begin with a pancake breakfast at the Legion and continue throughout the day. Among the highlights will be a lumbermen's show at the community centre at 2 p.m., snowmobile

drag races on Head Lake beginning at 1 p.m., a lasagna supper at the Legion beginning at 4 p.m., a men's hockey tournament throughout the day, an OMHA Midget playoff game against Fenelon Falls at 8:30 p.m., and the Carnival dance beginning at 9 p.m.

On Sunday the programme includes guided snowmobile trips, the Curry Motors giant slalom at Sir Sam's, ATC and snowmobile races on Head Lake, a Figure Skating Club show at the arena beginning at

Please turn to Page 3

Dysart considers logging permits

Dysart et al council may soon require commercial loggers to apply for no cost work permits as a means of finding out who is logging and in what areas of the municipality.

Under Dysart's tree cutting by-law, commercial loggers are supposed to inform the municipality about their activities, so harvesting can be monitored, but that has not been happening in many cases, council learned on Monday.

David Bain, who enforces the by-law on council's behalf, said work is often completed before he hears that it is underway and has a chance to visit the site.

Harcourt area councillor Lloyd Leadbeater asked if there was any way council could require loggers to notify the municipality before they begin work on a certain acreage.

Reeve Murray Fearrey said council should consider making permits mandatory, although the documents should be issued free of charge.

"I don't see any other way we'd know who's cutting where," Leadbeater responded.

Road superintendent Howard Roberts said that if council does require work permits, it should include restrictions on damage to municipal roads. At the moment, Roberts said, logs often are skidded out of the bush and through ditches, creating earth dams that may cause flooding and washouts in times of heavy runoff.

"We don't want to prohibit logging but there has to be common sense used," Roberts commented.

Councillor Glen Hodgson said council should require loading areas to be at least 100 feet back from municipal roads. Loggers might have to install a culvert and spread a few loads of gravel to make a roadway to the staging area, but that would not be "any imposition," Hodgson said.

Council also expressed concern about Ministry of Natural Resources' tree marking practices. Under the Dysart by-law, a 30 foot buffer is required between municipal roads and logging operations. But Reeve Murray Fearrey said the MNR is marking trees within the buffer zone, and loggers are cutting them.

Clerk Wayne Wood said he had spoken to Ministry official Peter Hynard on the matter, and had been told that the MNR is observing Dysart's setback rules.

Reeve Fearrey said evidence to the contrary can be seen on the south shore of Kennesis Lake, where logging recently took place.

Council decided it will call a meeting of its forest management committee in the near future to discuss a mandatory logging work permit scheme.

CUPE workers get contract

Dysart et al council has ratified a two year contract with its road workers who are members of the Canadian Union of Public Employees Local 2142.

The agreement, reached in negotiations which ended January 28, gives the workers a wage increase of 50 cents an hour retroactive to January 1 of this year, and a further 20 cents an hour on July 1. The second year of the contract calls for an increase of 35 cents an hour on January 1, 1986 and a further hike of 25 cents an hour on July 1, 1986.

The settlement amounts to a seven percent increase in the first year and a five percent increase in the second year, Reeve Murray Fearrey told council on Monday.

Barn to be shopping centre

Renovations create stores in former stable

An old barn just off Haliburton's main street that began its existence as a livery stable and later was used for retail stores and a small apartment is being transformed into a modern shopping facility.

Larry Vanlieshout, who purchased the building recently from former owner David Steinberg, has begun large scale renovations which will create two floors of retail shops while keeping the shell and foundation of the barn intact.

Vanlieshout said he decided to undertake the renovations rather than demolish the barn and build a new structure because it is "a good, strong building" and the idea of adapting it to a new use while keeping its character intact, appealed to him.

The barn rests on stone walls two feet thick, and the soil

beneath it is very dry and stable.

A major step in the renovations has been the installation of heavy timber beams to level the floors and carry greater loads. The beams will remain partially exposed in the completed building, adding to the rustic character.

Initial plans call for the creation of four retail shops in the basement area and three shops on the main floor. The basement floor has been lowered about 18 inches to provide full height in the downstairs shops. New, 600 amp electrical service has been installed, a new electric furnace and washrooms are planned, and all walls will be fully insulated and finished in gypsum board and painting.

"It will be all new except for the outside walls," Vanlieshout said.

Some existing windows will be retained for character, but they will be double glazed.

Main entrance to the building will be through wide doors on the ground floor facing main street. Once inside, shoppers will find broad expanses of glass in the shop fronts and the stairwell leading to the lower floor.

For the moment the upper floor of the barn will not be used, although the new owner says he may eventually turn it into more retail space, offices, or a number of small boutiques that area crafts people could rent for the summer.

Vanlieshout said he hopes the renovated barn will become a focal point for shoppers in Haliburton, with a diversified range of stores and products. Lease costs for retail space will include

Work on new shopping facility continues

Police News

General Occurrences

During the period of February 4 to 10, personnel at Minden Detachment investigated the following occurrences: two motor vehicle accidents in which there was one minor injury; and 41 general occurrences.

Telephone Calls

An investigation was conducted this past week after two Haliburton school teachers reported receiving numerous telephone calls. The calls were made by persons disguising their voices and either hanging up or reporting tragic events.

Police say there is a section in the Criminal Code of Canada which makes it an offence to use the telephone to harass, alarm or annoy any person. Two Haliburton County youths have been charged with the offences and will appear in court in March.

Drivers sentenced

Two local persons received jail terms last Wednesday after being found guilty of impaired driving. Nancy Langille, age 29, of Minden Township, had been involved in an accident with a parked car in Minden last August. She was sentenced to 14 days in jail. Peter Carroll, age 31, of Dysart Township, had been stopped by OPP officers conducting spot checks last November. He too received a 14 day sentence.

Bicroft council

Bicroft Township council met January 24 and considered the following matters: Accounts totalling \$17,540.98 were passed for payment.

A donation representing profit shown from the New Year's Eve party was presented to council by Andy Gray. Reeve Howe thanked Gray on behalf of council for his generous contribution.

A cheque from Andy Gray for \$370 was put into the recreation account. Wayne Kyle was appointed to the Bicroft Volunteer Fire Department to replace Donat Dagenais subject to the usual three month probationary period and a clear medical certificate being received.

A resolution from the Township of Adjala was concurred with and notice of concurrence will be forwarded to the appropriate associations.

A donation of \$25 was forwarded to St. John Ambulance.

The clerk was authorized

to attend a seminar regarding the new Municipal Tax Sales Act, 1984 on Monday, February 18, 1985 at 9:00 a.m. in Minden. All reasonable costs will be incurred by the municipality.

Planco Consultants were engaged to proceed with rezoning of Concession II, Part Lots 27 and 28 presently owned by York River Industries Ltd. Rezoning fees are to be paid by purchaser of property.

The reeve and clerk were authorized to sign and place the corporate seal on the contract for a Canada Works Program.

An additional pump will be added to the sewage pump-house. Triangle Plumbing was hired to supply necessary equipment for installation.

The sewage meter will be repaired pursuant to a request by the Ministry of the Environment.

A request of Sam and Mary Bowers for rezoning of 42 Maple Road, Part Lot 32, to commercial was denied.

The dovetail joints in these cedar logs are one of the most striking aspects of an 1867 log barn that is being moved from a property on the Old Buckhorn Road to the Haliburton Highlands Museum at Glebe Park. The building will be dismantled and then reassembled over the next few weeks. A pioneer cabin already has been erected adjacent to the museum.

Galway/Cavendish council

At a meeting January 26, council of Galway and Cavendish Townships considered the following matters:

Craig Baker attended the meeting to discuss the rezoning application for the proposed plan of subdivision on Picard Lake and the subdivision agreement for the plan.

The clerk was authorized to prepare the necessary by-law to rezone the property in the proposed plan of subdivision on Picard Lake from Rural (RU) to Recreation Residential (RR), with Block 27 being rezoned to Open Space (OS) and Block 28 being rezoned to Hazard Land (HL).

Garry Faulkner attended the meeting to discuss severing the parcel of land known as Camp Catchacoma on Concession 7 and 8, lots 22, 23 and 24, Cavendish Township.

Council said it would be supportive of part lot 23, Concession 7 being severed as outlined by Catchacoma Holdings Ltd. submission of January 26/85 subject to receiving the norman severance papers from the Peterborough County Land Division Committee.

Roads Voucher #1 for the month of January in the amount of \$16,121.10, was approved for payment.

General Voucher #1 for the month of January in the amount of \$15,798.81 was approved for payment.

Social Assistance Payroll #1 for the month of January in the amount of \$1,176.66 was approved for payment.

Voucher #1 for the Ontario Youth Grant Program for the month of January in the amount of \$1,650.89 was approved for payment.

Minutes of the Roads Committee meeting of January 25 were adopted as presented.

Minutes of the Galway Cavendish Culture and Recreation Committee meeting of January 15 were adopted as presented.

The clerk was directed to notify the adjoining owners of the land described in an application to purchase the 66' shoreline road allowance, so that they have the opportunity to approve or object before the application is processed.

Minutes of the 66' Shoreline Road Allowance Committee meeting of January 11 were approved.

Minutes of the Minor Variance Committee meeting of January 11 were received.

Minutes of the Galway Platoon meeting of the Galway Cavendish Fire Department held January 7 were deferred.

Minutes of the Cavendish Platoon meeting of the Galway Cavendish Fire Department held January 7 were deferred.

By-law 85-1, a by-law to authorize the borrowing of \$200,000, was passed.

By-law 85-2, a by-law to establish a penalty charge for non-payment of current taxes, was passed.

By-law 85-3, a by-law to provide for interest to be added to tax arrears, was passed.

By-law 85-4, a by-law in respect to paying or remuneration and expenses, was passed.

By-law 85-5, a by-law to

write off uncollectible taxes, was passed.

The reeve and clerk were authorized to sign the 1985 Fire Agreement, Waste Disposal Agreement, and the Library Privileges Agreement with Harvey Township.

The reeve and clerk were authorized to sign the 1985 Fire Agreement with Somerville Township.

Erro Kokko's application to join the Cavendish Platoon of the Galway Cavendish Fire Department as approved by District Chief Asling, was accepted.

The Townships of Galway and Cavendish had no objection to Ministry of Natural Resources allowing a Mr. Stewart to construct a cottage access road over Crown Land on Concession 2, part lot 21 Cavendish, provided all conditions as set out in the Ministry's letter of January 10, 1985 are adhered to.

Council supported the resolution from the Township of Adjala pertaining to livestock and poultry producers being allowed to shoot, without harassment and without being subject to prosecution, dogs which are not under proper control and found upon the premises of the producers. This resolution will be submitted to the Association of Municipalities of Ontario, the Ontario Federation of Agriculture, the Ontario Cattleman Association and the Ontario Sheep Producers Association.

Council's remuneration and expenses statement for 1984 which includes mileage.

THIS IS NO TIME TO BE HOT AND COLD

ABOUT BUYING A CARRIER HEAT PUMP

This winter is your last chance for a grant of up to \$800 when you buy and install a Carrier Heat Pump or highly efficient Carrier Gas Furnace. It's all because on March 31, 1985, the Federal Government is ending its Off-Oil grant program. You could also be eligible for a Carrier factory rebate of up to \$275* when you purchase and install a Carrier Total Comfort System before March 31, 1985. So take advantage of the last days of the up to \$800 government grant and Carrier's factory rebate offer by installing a Carrier Heat Pump or Gas Furnace before March 31, 1985. *Offer available in Ontario through participating dealers only.

Dysart gives Guild advance on grant

The Guild of Fine Arts will get an advance of \$3000 from Dysart et al council to help fund the Ralls' End Gallery until council sets its 1985 budget and decides how much support it is willing to give the Guild.

Council agreed to advance the funds after hearing a presentation from Guild president Linda Beachli and treasurer Mike Easton.

Easton said council provided a total of \$7000 to the Guild last year, and it is hoping for more this year. He said the organization operates on "a shoestring budget" and consequently is forced to spend more time scrambling for funds than looking ahead.

Beachli said the cost of operating the Gallery was close to \$50,000 in 1984, and most of that money is generated by the Guild through sales and other fund raising schemes.

Despite the increasing costs of operating the building and bringing in shows which appeal to the public the Guild is moving closer to financial self sufficiency, Beachli noted, adding that "our hardest problem is fighting against public opinion" which thinks that the gallery exists only for Guild members.

Council had no hesitation in agreeing to advance funds for the gallery, noting that the Guild members have been working hard to improve the financial picture.

"If you're going to have to have these things in the community (the Gallery and the Haliburton Museum), you have to pay for them," reeve Murray Fearrey said.

Curator takes job in Perth

Haliburton Highlands Museum curator Doug McNichol has resigned to take up a post as director of a community museum in Perth, Ontario.

McNichol, who began his duties at the Haliburton Museum last April, resigned effective February 9.

Museum board chairman Ross Carver said Tuesday that no decision has yet been made on whether a new curator will be hired. He said the board and members of Dysart council are expected to meet later this month to discuss alternatives.

"In the meantime the work of the museum is carrying on" Carver said.

Assistant curator Stephen Hill works daily with the museum's artifacts, while Carver will continue to handle administrative duties.

The museum has improved significantly in the past few months, and more changes are planned.

Among the most significant is the installation of a cedar log barn which dates back to the earliest days of farming in Haliburton. The barn, at the former 'Stoddart' property on the old Buckhorn road is presently being dismantled by a work crew under the direction of Jack Gubser. It will be trucked to the museum site at Glebe park and reassembled near a settlers' cabin which was installed last summer.

Cost of the work will be met by a Canada Works grant and the municipality.

Races set

from page 1

well as snowmobiles can compete. ATC's will be divided up into four classes based on displacement, with trophies to the top finishers. A cross country snowmobile race also has been included in the schedule, with as many as six classes expected to be contested.

More information on the races can be obtained from Pat Kennedy at 457-1771.

Work is progressing rapidly on Haliburton's newest shopping facility which is being developed by Larry Vanlieshout in a barn formerly owned by David

Steinberg. New retail shops in the renovated facility are expected to open within the next few weeks.

This photo shows some of the extensive renovations that are underway to the barn just off Haliburton's main street. The massive beams will enhance the rustic ambience in seven new retail shops created by

the renovations. Building owner Larry Vanlieshout hopes it will become a focal point for Haliburton shoppers.

Carnival is set to start Friday

from page 1

2:30 p.m., and the third annual international darts tournament at the Legion.

Full details of the carnival activities can be found on the program on page 16 of this week's issue, and in the Echo carnival supplement which is available free of charge in many stores and at carnival event venues.

More stores

from page 1

heat and hydro, a total package which is not often available in the community.

Several people have indicated an interest in acquiring space in the new building, Vanlieshout said, and some of them would open new businesses.

The first stores are expected to be ready for occupancy by March.

"I think it will be unique setting," Vanlieshout said. "We have gone out of our way to make it that way."

Scientists study dieback of maple

Editor's note: The following article appeared in the Environment, Ontario's 'Legacy' magazine, and sheds light on a little understood aspect of the acid rain problem.

Maple dieback, a syndrome of growing concern to maple syrup producers, involves the decline, dieback, deterioration and ultimate death of large numbers of Ontario's sugar maple trees.

In the spring of 1984, a number of Huntsville/Parry Sound area maple syrup producers complained to the province about the possible relationship between the health of their sugar maple trees and acid rain. An investigation team was assembled by the phytotoxicology section of Environment Ontario under the leadership of Dr. Sam Linzon, to examine the cause of this problem. The team of eight includes a forest scientist, a soil specialist, a pathologist, lab technicians and students who visited affected Ontario sugar maple woodlots in June, July and September of 1984.

Maple dieback is not a new phenomenon. It was first reported in Ontario in 1952 and to better understand it one must realize that sugar maple is a unique tree species. It does not easily adapt to urbanization and its shallow root system make it susceptible to many stresses. Such factors as roots covered by pavement, excavations, winter salt splashed onto roadside trees, and salt runoff along roads result in branch dieback due to stress. Branch dieback often reflects the

amount of damage or death in the root system, as the roots and foliage work together to nourish the tree.

The roots take up a sufficient amount of water and nutrients, and the leaves react metabolically to manufacture carbohydrates and proteins, which are then transported to the roots. Damage to the roots starves the foliage and decreases the food supply for the roots, thereby intensifying the problem. Root rot occurs on stressed trees and branch dieback progresses down the tree.

Dr. Linzon feels it is important to determine the cause of maple dieback. There are two schools of thought in explaining the causes. Some scientists believe that acid rain is the sole factor responsible for maple dieback. Other scientists believe acid rain is involved along with other natural elements.

"Acid rain is definitely involved. Maple dieback is what I call a syndrome. It is complex and site-specific. The cause of decline of one tree may be different from another tree in the same area. It is easy for someone to see a dying tree and say - yes, it is acid rain, but that is just too simple," said Dr. Linzon.

"Acid rain will not be the single factor involved in the decline of all the trees. It may be involved somewhat in all trees, either in a primary or secondary manner. It may trigger the decline or aggravate a stress caused by other factors," said

Permits

Dysart et al council may face some opposition if it proceeds with a scheme to make loggers get permits before cutting operations can begin on forest tracts within the municipality, but council would be right to persevere. The matter of forest management is too important to everyone's future to be left to chance.

Under a scheme which council discussed on Monday but has not yet made specific, commercial loggers could be required to obtain free work permits before moving men and equipment into a new area. The permit scheme would enable council to keep tabs on which operator is cutting where. With that knowledge, council would be better able to ensure that the provisions of its tree cutting by-law are respected.

To some people this kind of regulatory process may smack of yet more government infringement on their right to make a living. But that would be a wrong-headed point of view. When the tree cutting by-law was first proposed, there was general agreement among area loggers that it would be in the best interests of everyone to set limits on the size of certain species that could be harvested. The theory was and is that the forest can be used and yet protected for the future by selective cutting. Requiring loggers to keep the municipality informed about where cutting operations are taking place is simply a means of making it more probable that the by-law will be respected.

And the sooner that happens, the better for everyone, whether they make their living from the forest or merely want to see it last into the next century.

Participate

It's carnival time in Haliburton once again, and that should be good news for everyone who's getting tired of winter. The carnival is a chance not so much to forget winter for a while, but to make best use of it. And it's also a sure sign that spring isn't much more than a month away.

The winter carnival is an event that plays an important role in the life of the community. It brings people together in a friendly and light-hearted atmosphere of competition and co operation. It boosts winter business too, since many people from other areas make it a point to be in Haliburton at winter carnival time.

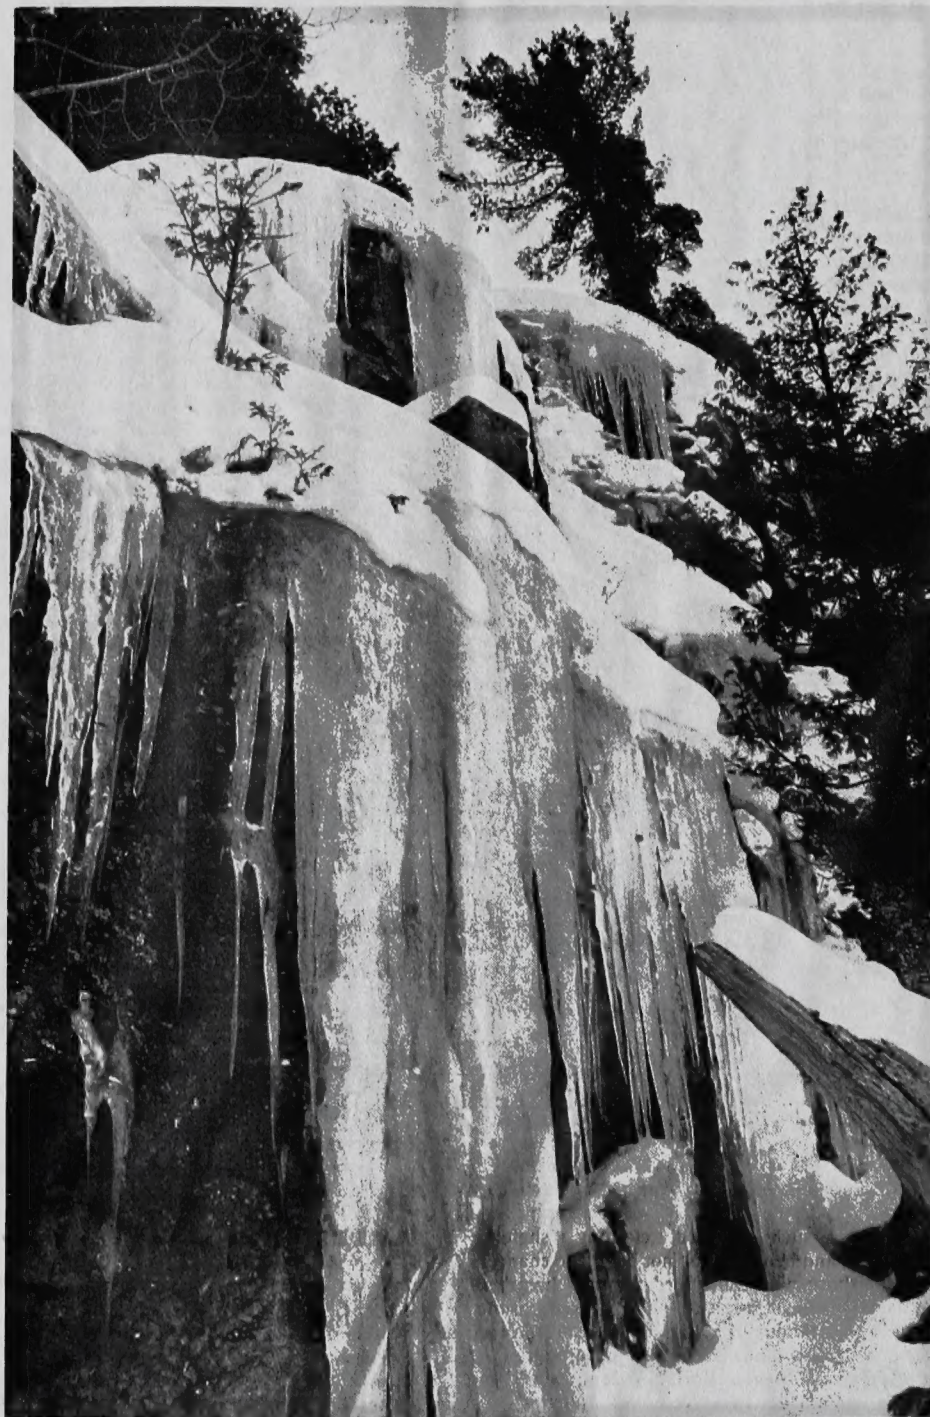

The programme has been set and the organizers are ready for a weekend of work. All you have to do is come out and participate.

Growing

The process has been long, slow, and sometimes frustrating, but Haliburton's museum is getting better. This past year, in particular, the museum has attracted more people than ever before, and it may yet be that the controversial decision made several years ago to put the building in Glebe Park will prove to have been a wiser one than it at first appeared.

The greatest asset the museum has at Glebe Park is space, and through the efforts of museum supporters and the municipality, that space is being put to good use. Complimenting the restored Reid House is a pioneer cabin and soon there will be an 1867 era log barn on the site as well.

These improvements have been hard won, but if the present pace continues, it won't be long before the local museum becomes a significant tourist attraction for Haliburton.

An icy cascade

Letters to the Editor

Laundromat tests sanity :reader

To the Editor:

I am the mother of two young children. My washing machine broke down last weekend so I called the repairman. He couldn't come out for several days so I decided to take the children and my five loads of laundry into the Haliburton Laundromat. I was given a roll of quarters at Christmas for an emergency. When you have two young ones and a broken washer, that is an emergency. I loaded the children, five garbage bags of laundry, detergent and my roll of quarters (\$10) into the car and off we went.

I was very relieved to see a "Come in, we're open" sign on the door of the laundromat. A more appropriate sign would be "Come in, test your sanity level".

I have been stung on other occasions at laundromats so I purposely put my money in first to ensure the water came out before I added my detergent and clothes. Little did I know that three of the machines would fill but not agitate. When I removed the clothes they agitated just fine. If you ever have a single pair of socks to wash by all means go to the laundromat in town.

I finally had to remove dripping wet towels, sheets, etc. from three machines in the centre

aisle to machines in the last aisle, soaking not only the floor but myself, my children and two other customers also experiencing the same problems. I finally completed five small loads of laundry, using nine machines. Since I only had \$10 in quarters I was only able to partially dry one load and had to cart the rest home, still dripping wet. I spent until 11:00 p.m. that night drying the now frozen contents of my garbage bags.

In addition, the dials on the washers are a joke. You dial cold you get cold, you dial warm you get cold and when you dial hot you get cold.

None of the washers I originally used that were broken had an "Out of Order" sign on them. I lost \$4 in quarters, not to mention the wasted detergent. Of course no one was there to happily refund my money.

My husband and I almost bought the same laundromat several years ago. We decided against it as we would only be able to operate it on a part time basis. This is supposed to be a SERVICE. You can't just open the doors and come back once in a while to collect the quarters. It's a full time job.

In my view ...

We need to change our thinking

By GERRY FELTHAM

The Arms Control Talks are to be resumed. Through top-level discussions between the USA and the USSR it is hoped that a nuclear holocaust can be averted. However, in my view very little will really be accomplished through negotiated settlements until Mr. Schultz, Mr. Gromyko, their

respective leaders, and we ourselves change radically the prevalent thinking about the earth and its citizens. At present we tend to see our planet as consisting of distinct parts, some of which are inhabited by hostile factions who can never be reconciled or united.

What do we believe and feel when we hear, for

Please turn to Page 5

Feir Play

Creighton Feir

With all the depressing things going on all around us it seems good to have a change of pace once in awhile and something new to look forward to. We certainly have something to look forward to this coming weekend as the welcome mat is out for everyone to come to Haliburton and join in the winter carnival festivities. Yes, it's time to turn on the coloured lights and get ready to let the good times roll as we prepare to usher in the 1985 version of the annual Haliburton Winter Carnival. There is no doubt in our minds that with good weather and with the attractions that have been added to this year's program we could be in for three days of good solid fun and entertainment. I could take up a great deal of space here going over every event that is on this year's program but what else could I say that hasn't already been said in the Haliburton Winter Carnival Section that appeared in last week's Echo and the front page story in this week's issue. We hope that you have enjoyed reading this special carnival section and if you missed it free copies will be available at many business places and at various carnival locations. I hope you will have a good time this weekend and will come back again.

This week I said goodbye to Doug McNichol following his resignation as curator of the Haliburton Museum. I got to know Doug quite well during his short stay in Haliburton and found him to be a gentleman and a man who was dedicated to his job. Whenever we had a chat I found him always full of fun and with the gift of a great sense of humour. He tells me that one of the reasons that he is leaving is to resume closer ties with his family, including his mother and brother who reside in Perth, Ontario. Doug has accepted the position of Director of the Perth Museum. We are sorry to see him leave but wish him the best of luck with his work in the museum in Perth.

Brian Edwards of Haliburton was in the Echo office one day last week and dropped off an issue of the Haliburton County Echo dated Thursday, December 17, 1959. My father and I owned the paper at that time and some of the news stories in this issue may be of interest to some of our readers. Fred Watson was retiring from the position of secretary-treasurer of the Monmouth Township School Area Board where he had served for 36 years. Ab LaRue was named the new coach of the Haliburton Huskies and tickets were on sale for the New Years Dance at the Legion Hall. In other news the Senior Citizens were preparing to organize in Haliburton, and another curling season was getting ready to get underway. Two of Haliburton's older citizens had just died, Ernest Boice and Albert Day.

We are happy to note that Dorelle Baker is back at work at the Haliburton Post Office following several weeks absence following surgery on her foot and to one of her hands.

The Village Shoppe in Haliburton has been sold and the new owner is Mrs. Sylvia Holland of Haliburton. Sylvia takes over the business from its former owner, Julia Hartin.

This week we will be placing extra copies of the special Haliburton Winter Carnival section that appeared in our newspaper on February 6. In this section we have attempted to bring you up to date on what you can expect to do and see at this week's big event. This special section will be available in many businesses and other key spots, and is free for the asking, so make sure that you pick one up.

Last week Karen Dunsmore (nee Robertson) of Willowdale came across a Haliburton Figure Skating Club programme of 1953 when they presented their Ice Revue under the auspices of the Dysart Recreation Committee. The skating instructor at that time was W.D. Price and he skated in a duet with Sharon Parish. The Haliburton Citizens Band was on hand that night and played several selections at the beginning of the Ice Revue and during intermission. It is impossible for me to list all the skaters who appeared on the program but here are just a few: Brenda Lynn Austin, Joyce Scheffee, Linda Consky, Wendy Bishop, Donna Webb, Doreen Iles, Sheila Curry, Dianne Kellett, Patsy Dart, Eleanor Sherriff. It is also interesting to note that Scotty LaRue was Jack Frost and Peter Curry was one of the skunks.

The Haliburton Rotary Club Exchange student, Maaike Sykpen of Holland, will be staying at the home of Mr. and Mrs. Allan Bagg at Eagle Lake right up until the March break. Allan told me that he would be interested in hearing from any members of the Rotary Club or others from the community who would like to take Maaike when they go on a trip or possibly invite her to their home for a meal.

Rev. John James of the Haliburton United Church will leave this Sunday for his trip to the Holy Land. The UCW will take the services this Sunday and February 24 Andrew Brundjar, a representative of the Canadian Bible Society, will take the services. Lochlin and Ingoldsby will combine in Lochlin at 9:30 a.m.

Viewpoint

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 5

Pic of the Past

This coming Friday, Saturday and Sunday, February 15, 16 and 17, the Haliburton Winter Carnival will be in full swing so we thought that this would be a good time to go back in our carnival files and bring out a photo of one of the

earlier winter events for this week's Pic of the Past. This picture takes us back to 1970, which was the second year of the Haliburton Winter Carnival, to the Carnival Feast held each year in the Legion Hall auditorium. Seated at the head table from the left, Shirley Hodgson, Glen Hodgson, who was the MPP for Victoria-Haliburton at that time, Joan Ward, Art Ward, Carnival Chairman, Ron Stewart of the Ottawa Rough Riders football club, who was the honorary guest and Sinc Nesbitt, Warden of the Provisional County of Haliburton.

In my view ...

from page 4

instance, references to such groups as Western Alliance and Eastern Bloc, Affluent Nations and Third World Countries, North-South Dialogue, and so on? Do such simple classifications divide us into profound, biases? Through accepting divisions, do we not emphasize the already existing "we-they" thinking? Has not the time come when the "we" means the whole of humanity on earth?

Questions pertaining to separateness have a particular relevance, especially in reference to nation-states and what they represent. Hand-in-hand with nationalism goes an emphasis on human differences and the apparent need for separations in our world. As long as we emphatically concern ourselves with the importance of being nationalistic, we shall continue to stress differences - philosophical, political, social, economical, racial, religious, educational, cultural, and whatever -- instead of similarities. By pursuing such thinking, we tend to ignore the reality of our one earth, occupied by one humanity. And faith in the possibility of peace and unity remain obscure.

Obviously, each person by nature and experience is different from every other person. In turn, differences are revealed in and between communities. Undoubtedly, too, most cultural uniquenesses enrich and beautify our world; they need to be preserved and enhanced. Possibly for fear of being swallowed up in an anonymous humanity, we have frequently resorted to violence in an effort to protect our individual and collective identities.

Must histories repeat themselves? By thinking that our particular way of life - our nation - is actually better, stronger, wiser, and holier than that of some other groups on the same earth, we are inviting confrontations. Through such an approach we shall continue to be overly cautious, suspicious, and downright defensive and offensive towards those whom we really do not know and understand. Such thinking can only result in paranoia and panic; the consequential arms build-up, war-games, and wars.

Anyone who has experienced the marvels of today's transportation and communication in the global context knows that there is no longer any need for ignorance, suspicion, and fear among neighbours anywhere on earth. In fact, most reasonably affluent people can find out for themselves through extensive travel what the world is really like. Even the desperately poor and illiterate are becoming aware of better possibilities through the various media of communication. As we discover the real similarities of all humanity, we can learn to play down the differences, which continue to divide us and threaten our existence, and to accentuate the common positive concerns and values that may help us to survive as one humanity in a one world community.

At best, the big stick policy will provide only a temporary safety; it will not assure anyone's survival, least of all when the big stick is a nuclear weapon. As a war within a country - a fraction of earth - becomes more and more unbearable, a world war must now be considered ridiculous and impossible. Our thinking needs to change from "War is inevitable!" to "Peace is possible!"

The move towards peace on earth must use peaceful approaches. (Negotiated settlements

alone can't do it.) To enable us to truly understand and appreciate the oneness of humanity we need to make available, for instance, transportation, accommodation, and communication to everyone on earth. Likewise, basic human necessities, such as food, clothing, shelter, education, and health, must not be left to chance, and for those who can afford them as luxuries. Are such ideas so preposterous when seen in the light of the trillions of dollars being used for war measures? How many billions are we prepared to spend on actual peace efforts? As long as a large percentage of our taxes goes into offensive and defensive weaponry, the resources (even a simple postage stamp) which lead to peace will be short changed.

Much of what I state I can attest to in my own life experiences. For instance, recently I returned for the second time from India and Sri Lanka: an area of the world which possibly offers more human diversities than anywhere else on earth. As I communicated with numerous persons in urban and rural homes, on trains, buses, and streets, I became convinced more than ever that people are the same everywhere in our world. Even though some of us are merely surviving, all of us want to be understood and appreciated for what we can do both for ourselves and, in turn, for others.

Surely the time has come when we can start examining and questioning our thinking and feelings in relationship to others - anywhere on earth. We may have to begin by overlooking the obvious differences, and by focusing and emphasizing the similarities of our common humanity. Such an approach and emphasis, taken more and more by all persons, will enable us to truly realize our responsibilities towards one another; the meaning of brotherhood and oneness of humanity; and the necessity of peace on earth and goodwill towards all people.

Queen's Park Report

by John Eakins, MPP

Universities in jeopardy : Bovey

The Bovey Report concluded that the quality of Ontario's university system is in jeopardy, and that this is a direct consequence of inadequate financial support.

However, the Commission's mandate prohibited the commissioners from proposing any increase in the level of provincial funding, other than a one-time lump sum for a faculty adjustment fund.

Most of the 51 recommendations made in the report involved changes in university funding arrangements, and changes to the financing system and were grouped in two phases. Both phases were considered to be "integral", but Mr. Bovey believed that Phase I could be implemented immediately, while Phase II financing changes, many of which require negotiation with the Federal Government, would take longer.

Phase I

Accessibility: "The differential corridor system" as a cost-saving measure. Universities would be allowed to cut back enrolments by four to eight per cent, without losing any provincial funds (currently calculated according to enrolment). Bovey admitted that an average six per cent enrolment cutback would be anticipated, which would result in up to 11,000 fewer students.

Tuition: This would increase seven per cent immediately - an average increase of approximately \$90 over the current average tuition fee of \$1,200. This would yield \$15 million: \$10 million for capital funds and \$6 million to OSAP (Ontario Student Aid Program) grants.

Faculty Renewal: During the period 1985-1989, \$152 million (or \$108 million, discounted by 10 per cent in 1985 dollars) would be set aside to finance appointments of 550 young faculty members, which the report says is only half as expensive as

creating an early retirement scheme to create that number of vacancies.

Phase II

Cash Requirements:

- \$25 million for library, computing and scientific equipment
- \$11 million for special grants for bilingual and Northern universities
- \$55 million to operating grants to restore the accessibility taken away in Phase I

This amounts to a total of \$91 million "to restore and enhance quality and accessibility".

Tuition: "If governments are unable to find the additional \$91 million...", tuitions will increase on average eight per cent a year for three years, until tuition makes up 25 per cent of university operating income. Projected tuition fees (not adjusted for inflation): Arts and Sciences, Law, Computer Sciences, 1984-5 - \$1,157.50; 1987-88 - \$1,736.25. Engineering, 1984-5 - \$1,257.00; 1987-88 - \$1,885.00. Medicine, Dentistry, 1984-5 - \$1,472.00; 1987-88 - \$2,208.00.

Bovey makes tuition hikes conditional on an "income-based contingent repayment loan plan".

The Loan Plan: At first, it would only extend to the increased tuition portion, gradually covering all Canada and Ontario student loans. The government could subsidize interest rates. The necessary funds would be generated on the bond market, and sold to pension plans. Chartered banks would continue to administer student loans. Repayment is contingent on a student's ability to pay. The grants portion of OSAP would continue.

Private Sector Support: Private sector support accounted for 4.1 per cent of total university expenditure in 1980-81. It would take a "super-human effort" to double that sum. Nonetheless, Bovey recommends "a significantly larger increase of support from the private sector for operating expenditure".

Report from Parliament

By Bill Scott M.P.

Universality called 'a sacred trust'

There has been a considerable amount of discussion over the last few months about the government's intentions in respect of the issue of universality. As the Prime Minister stated last summer, universality is a sacred trust. Its integrity should not and will not be questioned. Neither will we resort to the use of a means test to determine eligibility for selective benefit programs.

On January 28, the Minister of Health and Welfare tabled a Consultation Paper on Child and Elderly Benefits. The objective of the Paper was to prompt discussion and input from the general public on the design of child benefits and elderly benefits so we can determine how they should be maintained or changed to meet current needs. As

it was entitled, it is a consultation paper. It presents ideas upon which we look for comment.

In the area of elderly benefits, the government feels that no changes are needed in the Old Age Security/Guaranteed Income Supplement system. While not proposing changes, we invite proposals and comments regarding the age exemption and the pension income deduction in the elderly benefits system to assist in our formulation of policy on comprehensive reform of the retirement income system.

Two different options for Child Benefits are

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 6

A Fenelon Falls player uses the blade of his stick to wrap the helmet of a Haliburton player during the fourth game of a round robin series on Saturday night in Haliburton. This kind of play was fortunately rare,

Bantams win two as playoffs begin

Haliburton's OMHA Bantams have won the final round robin game plus their first in the best of five series. Last Wednesday the Huskies defeated Beaverton in the final of the round robin series. After completely dominating Beaverton in the first period and 10 minutes of the second period, the Huskies found themselves behind by a goal. The Beaverton goalie played superbly and a conservative estimate put the saves at approximately 30. The fans enjoyed every minute of it. However, it was time to get down to business and the huskies scored two in a row in the space of 42 seconds. The first goal was scored by Francis with assists to Nicholls and Cooper. Then

Drew Mitchell scored from Rydman and Warburton. Beaverton tied it up at 4:39 of the second before Scott Russell scored on a breakaway from Warburton and Rydman. The Huskies scored three in a row during the third period to win 6-2. Final goal scorers for Haliburton were Warburton from Russell, Perrin from Nicholls, and Warburton from Russell. Only two penalties were called throughout the game. Gavin McKnight and Hans Fleugel up from the Pee-wees shared the goaltending for Haliburton while Robbi Harris covered for Beaverton. On Friday night the Huskies took on the Pickering Village Bantams but unlike Nicholls and Cooper. Then

Please turn to Page 7

Men's tourney set for weekend

Men's hockey will come to the Dysart et al arena this Saturday as part of the annual Haliburton Winter Carnival. The eight teams making up the recreational leagues in Haliburton and Minden will face off in a one day tournament that should determine an inter-league champion. Action begins at 7:30 a.m. and will continue throughout the day, with the final game expected to be underway at about 4:30. Spectators are encouraged to come out and support their favourite team.

Midgets shaded by Fenelon, begin best of five playoffs

Haliburton's OMHA Midgets will begin a best three out of five playoff series with Fenelon Falls this Wednesday night, and if the pattern of play established in the round-robin series that ended last Saturday is any indication, local hockey fans should be in for some excitement.

Haliburton and Fenelon are so evenly matched that a single goal difference determined the winner on Saturday night before an enthusiastic crowd at the Dysart arena.

Tran LaRue opened the scoring for Haliburton only seconds after the faceoff, with help from Dave McKay.

The advantage held until the final minute of the period when Fenelon Falls responded to tie the score at one apiece.

Fenelon picked up the pace in the second period

and moved out in front at the 42 second mark. The visitors kept Haliburton on the defensive for much of the period, and only some stand-out net minding by Andrew Burk kept the game within Haliburton's reach.

Fenelon notched their third of the night at 7:17 of the second period to leave Haliburton trailing by two at

the break.

In the third period the local boys came out strongly and moved to within a single goal at 3:48, but Fenelon got an insurance marker with 4:15 left on the clock to make it 4-2.

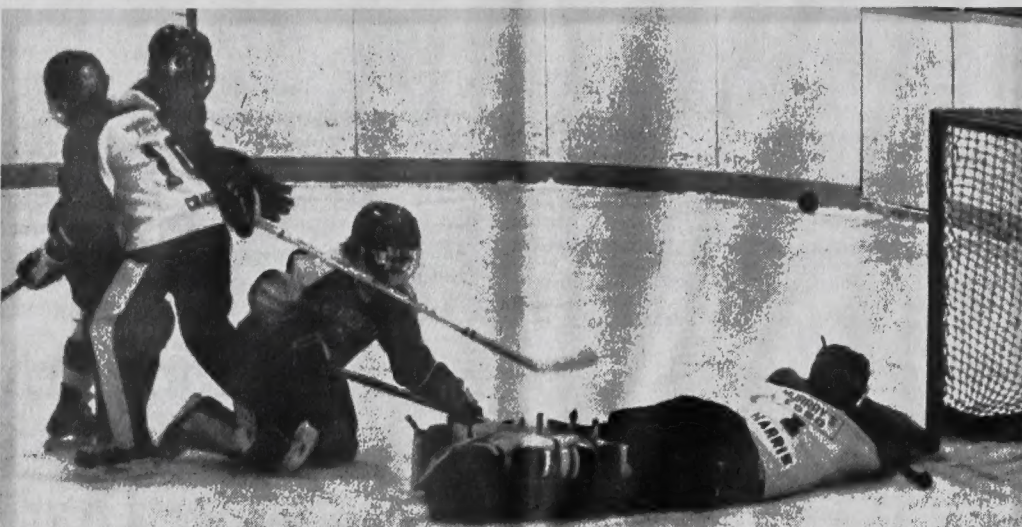

Scott Russell connected for Haliburton with 3:32 left in the game, but the local boys were unable to put together

another scoring play and had to settle for a 4-3 loss.

Port Perry was eliminated from the three team round robin, and Haliburton and Fenelon will now begin the best of five series.

The series opens Wednesday in Fenelon and continues Friday, also in Fenelon. Haliburton will be at home for game three on Saturday at 8:30 p.m.

and the teams concentrated most of their efforts on scoring. Haliburton will host Fenelon this Saturday night in the third game of a best of five series.

Haliburton's OMHA Midgets battled Fenelon Falls in the fourth game of a round robin series on Saturday night, and found themselves on the losing end of a 4-3

score at the end of regulation time. The teams begin a best of five series Wednesday night in Fenelon.

Atoms dominate Beaverton, win 8-3

Friday night the Haliburton Atoms played their second game of the playoffs, downing Beaverton 8 to 3. As in earlier games the local boys started slowly. Derek Wilson scored the only goal of the period with 11 seconds left. Again in the second period Derek Wilson did the only scoring with Greg Stamp getting the assist.

The third period proved to

be a lot different with nine goals being scored. Beaverton opened the scoring only 15 seconds into the period. Haliburton then scored four in a row. Jeff Black connected with Derek Wilson and

Greg Stamp drawing the assists. Greg Stamp then scored with Jeff Black and Mike Billings getting the assists. Chad Bain scored with the help of Jason Casey. Please turn to Page 7

Pressure building in men's league

Emmerson Lumber continues to feel pressure from other teams in the Haliburton men's league, even though the early season lead built up by the lumber squad has put them comfortably atop the league standings.

In Monday night's opening game, the Emmerson team battled to a three-all tie with Curry Motors, who scored the tying marker with a little over a minute left to play.

Roy Scott put Curry Motors on the scoreboard first with help from Gary Brohman just past the half way point of the first period.

A little over a minute later,

at 11:11, Kim Emmerson tied the score for the lumber squad, assisted by Gary Burch.

The score remained unchanged for the rest of the period, and throughout the second frame, as both teams struggled to gain the advantage.

Thirty two seconds into the third period, Steve Roberts put Emmerson Lumber out in front on a three way play from Emmerson and Burch.

Curry Motors was not about to let the game get out of reach, however, and at the 2:13 mark they replied to

Please turn to Page 13

White win championship

Haliburton's Novice White team took the overall championship of a one day tournament in Minden on Saturday.

The Haliburton boys defeated Minden 2-1, outpointed Oakwood 6-2, and doubled Minden 4-2 in the final to win the championship trophy.

Kevin Morissette had seven goals in the tourney, while Jackie Morrison scored four goals, Mark Morissette three goals, Chris Scott three goals, and David Harrison one goal.

The Novice White team remains undefeated on the season, and Monday night they added another win to their total in a match against the Haliburton Novice Blue club.

Mark Morissette notched three goals in the game, while Kevin Morissette scored two goals, Jackie Morrison scored two, and singles went to Chris Scott and Jeff Teatro.

Mike Hartwick and Tim Stouffer each had two assists, while David Harrison accounted for one assist.

Goalie Peter Brohman, who handled the net minding duties in Saturday's tournament winning effort, got a shutout Monday night.

The Novice White team will play their final league game on Saturday in Bancroft.

Haliburton White and Haliburton Blue will play a best three out of five series for the house league championship.

Asters, Daisies tied

The Asters and Daisies lead the third series with 13 points followed closely by the Petunias with 12 points. Marigolds have 11 points, Forget-Me-Nots, 10 points, and Roses 4 points. Games of 200 points and over were bowled by Ev Stata, 206; Sandy Barr, 224; Freida

Handy, 214, 246, 620 triple; Joan McKay, 217, 259, 309, 785 triple; Pat Adams, 235, 249, 644 triple; Harry Henderson, 219, 209, 617 triple; Audrey Fountain, 211; Fran Woods, 218; Bill Juby, 204; Gord Everall, 226; Lew Brown, 225; Sybil Hunt, 211; Iris Meredith, 223.

Atoms beat Beaverton

from page 6 Chris Greenfield then teamed up with Wilson to make it 8-2.

Beaverton scored another goal with a minute left in the game to make the final score 8-3.

The Atoms' next home game will be this Friday at 7:30 p.m. with Cannington providing the opposition.

A Haliburton Midget player gets set for a backhand shot against Fenelon's goalie during second period action at the Dysart arena Saturday night. The teams went end to end, but Fenelon were the winners, 4-3.

A best of five playoff series will determine which of the teams goes on to further playoff rounds. Despite the loss, Haliburton has a good chance of edging out the Fenelon club.

Novice Blue edge Oakwood for title

from page 6

Their fast skating and puck control were too much for the opposition.

Leading the offensive threat were Jonathan Bishop with six goals, Timmy Keefe with two and Colin Morrison had the single. It was team play all the way with assists going to Kenny Teasdale, Curtis Bain, Ryan Smith, Randy Smith, Jeff Miscio and Mark Stamp.

The defensive foursome of Shawn McCord, Carmen Sawyer, Jeremy Nimigon and Curtis Bain played perhaps their best game of the season thus far as they kept the opposition away from their net time after time.

Except for a late third period breakaway shot, Jamie Cowen would have had the shut-out. He played extremely well throughout the

whole tournament. With this victory the boys moved on to the consolation finals against Oakwood.

Jonathan Bishop was again the big marksman for Haliburton, scoring the hat trick, and leading the local boys to a 3-2 win over a fast skating, determined, Oak-

wood club. Colin Morrison and Timmy Keefe picked up assists on the goals.

The game could well have gone into overtime except for some fine defensive work toward the end of the game.

Team supporters say the boys deserve congratulations on a splendid effort. The

coaching staff of Murray Miscio, Lyle Sawyer and Roger Bain, along with the parents, say they are especially proud of the way the boys have played as a team this year. Several of the boys played with either the flu or bad colds and yet put out a solid effort in the Minden tournament.

Bantams out to beat Pickering

from page 6

the Wednesday game, led 4-1 at the end of two periods. Each team scored a goal apiece in the third to round out the scoring at 5-2 for Haliburton. Scoring for Haliburton were Francis from Nicholls and Hunter, Cooper from Nicholls, Cooper from Nicholls and Francis, Francis from Cooper and Nicholls,

and Cooper from Mitchell.

Also unlike Wednesday's game, Haliburton received 27 minutes in penalties and Pickering Village received 12 minutes plus the Pickering coach was ejected from the game for using language not common to the Highlands.

Gavin McKnight was between the pipes for Haliburton.

The Huskies travel to Pickering Village on Thursday and are back at home on Friday at 8:30. Support continues to build for the Huskies as well over 100 fans were out last Friday and supporters say they hope to see even more this Friday as the Bantams try to eliminate Pickering in their best three out of five series.

Monmouth Curling

Hogan's Heroes strike

Prior to this week's curling action in the Mixed League at the Monmouth Curling Club, Wilberforce, the Fred Berning rink had lost only two matches all season, both their arch rivals and "nemesis", Roger Hogan and his clan from Highland Grove, both setbacks being decided by one rock. This week, "Hogan's Heroes", with Reg Schofield filling in for the Florida vacationing Doris and Garf Hogan, did it one more time as they bounced the Berning bunch 13-1 to vault into second place in the "A" division.

In other Mixed play, Chester Gadway's rink, with Brenda Prentice handling the skip's chores, downed Mark Smith 10-6; Clem Peters needed an extra end to edge Bill Smith 8-7; Don Fevreau claimed a 10-7 decision from Jack Watson; Dennis Fiddler widened his lead in "B" Division with a convincing 11-2 romp over Gary Lanigan; Chuck Lindsay defeated Dave Nicholson 11-4 and Dan Denault scored two in an extra end to register a 10-8 win over Roberta Walsh.

Standings as of February 9 were: "A" Division - Fred Berning, 148 3/4 points; Roger Hogan, 146 1/4 points; Don Fevreau, 143 3/4 points; Gary Lanigan, 128 1/4 points.

"B" Division - Dennis Fiddler, 145 3/4 points; Chuck Lindsay, 138 3/4 points; Clem Peters, 130 points; Jack Watson, 129 points; Bill Smith, 103 3/4 points.

"C" Division - Dave Nicholson, 120 points; Chester Gadway, 118 1/4 points; Dan Denault, 103 points; Roberta Walsh, 102 3/4 points; Mark Smith, 93 1/4 points.

In Tuesday Night Ladies League play, Roberta Walsh knocked the Judy Hogan rink from first place with a narrow 6-5 win while Jo-Ann Olszewski coasted to a 14-3 decision over Sandy Smith and regained the top spot. Standings as of February 9 were: Jo-Ann Olszewski, 51 3/4 points; Judy Hogan, 47 3/4 points; Roberta Walsh, 46 3/4 points; Sandy Smith, 20 1/2 points.

In Men's Industrial League action, the two top rinks met head on with Berning Construction stealing one in the eighth end to edge the Golden Ponders 7-6. In other matchups, Barr's General defeated Hogan's Harvesters 9-3; Martin Lumber eeked out a 7-6 win over the Legion and, in a make-up game, Elephant Lake Lodge took only three ends but made them count as they got by Barr's General 8-7. Standings as of February 9 were: Wilberforce Berning Construction, 62 points; Wilberforce Golden Ponders, 58 points; Gooderham Barr's General, 50 1/2 points; Harcourt Elephant Lake Lodge, 40 3/4 points; Harcourt Martin Lumber, 31 points; Wilberforce Legion, 29 3/4 points; Highland Grove Hogan's Harvesters, 26 3/4 points.

The highlight of this coming week, if not the highlight of the season, will be the one-day, Ladies Valentine's Spiel, on Saturday, February 16, with draws at 9 and 11 a.m. With participants

Sir Sandford
Fleming College
Invites
NOMINATIONS
for
Fellowship in
Applied Education

Sir Sandford Fleming College instituted this Fellowship to recognize citizens for outstanding community contribution through significant achievements in their vocation or avocation. Successful candidates have demonstrated, for example, strong personal initiative, concern, imagination and perseverance.

Nominees must work and/or reside in the counties of Victoria, Haliburton or Peterborough, or the Town of Cobourg or the section of Northumberland county east of Highway 28 served by the College.

Nominations for Victoria and Haliburton counties should be directed to: Fellowship Chairman, Frost Campus, Sir Sandford Fleming College, Box 8000, Lindsay, Ontario, K9V 5E6. Nomination forms may be obtained at local Chamber of Commerce offices or by writing to the above address or telephoning (705) 324-9144.

Nominations for Peterborough county, or the relevant portion of Northumberland county should be directed to Fellowship Chairman, Sir Sandford Fleming College, Peterborough, Ontario, K9J 7B1. Nomination forms may be obtained by writing the above address or telephoning (705) 743-5610.

Nominations should be received prior to March 15, 1985. Fellowships will be presented by the respective campuses during Spring convocation ceremonies in Lindsay and Peterborough.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF GLAMORGAN TO CLOSE, STOP UP AND CONVEY CERTAIN PORTIONS OF AN ORIGINAL ALLOWANCE FOR ROAD MORE PARTICULARLY DESCRIBED HEREINAFTER.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 298 of the Municipal Act, R.S.O. 1980, as amended, that the Township Council of the Corporation of the Township of Glamorgan proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Gooderham, Ontario on Wednesday, the 3rd day of April, 1985, a By-law to close, stop-up and convey to the adjacent land owner the following described lands:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Glamorgan, in the County of Haliburton, being composed of Part of the Original Allowance for Road along the Shore of Gooderham Lake (Pine Lake) in Front of Lot 26, Concession VII, in the said Township of Glamorgan, being more particularly designated as Part 1 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-3224, and which Plan of Survey was made by Paul Wilson, O.L.S., dated September 28th, 1984 and is available for inspection at the Township of Glamorgan offices, Gooderham, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above mentioned, the Township Council of the Corporation of the Township of Glamorgan shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED at Gooderham, Ontario this 4th day of February, 1985.

Craftsmen give Model T a classic 'C' cab

It's a cliché among automobile enthusiasts that "they don't make 'em like they used to" but when it comes to 1921 vintage Model 'T' trucks, there are at least two people in Haliburton County who can do more than match the craftsmanship of an earlier era.

For the past two months, cabinet maker Derek Rolfe and his son Paul of West Guilford have been labouring to create a wooden cab and box on the chassis of a 'T' owned by Charlie Heard of Eagle Lake. The project is nearing completion, and the result is a work of art.

The vehicle has an interesting history. It was purchased brand new in 1921 by the Fenelon Falls Dairy, which operated it as a delivery truck for a few years and then put it in storage. About 20 years ago it was discovered in a barn where it had languished unused. Subsequently it was brought back to running condi-

tion. Charlie Heard purchased it about 15 years ago, had the engine rebuilt and revamped the body work into an open truck style. But he wanted a 'C' cab, so named because the open door and roof line describe a graceful curve. He contacted Derek Rolfe, and after discussions and a good deal of research, a decision was made to proceed with the project.

The old body was stripped off and using photographs of other 'C' cabs for reference, the Rolfes began the laborious task of constructing new coachworks. Locally grown and milled oak has been used for the task, and its rich grain has been highlighted by careful sanding and a number of coats of varathane.

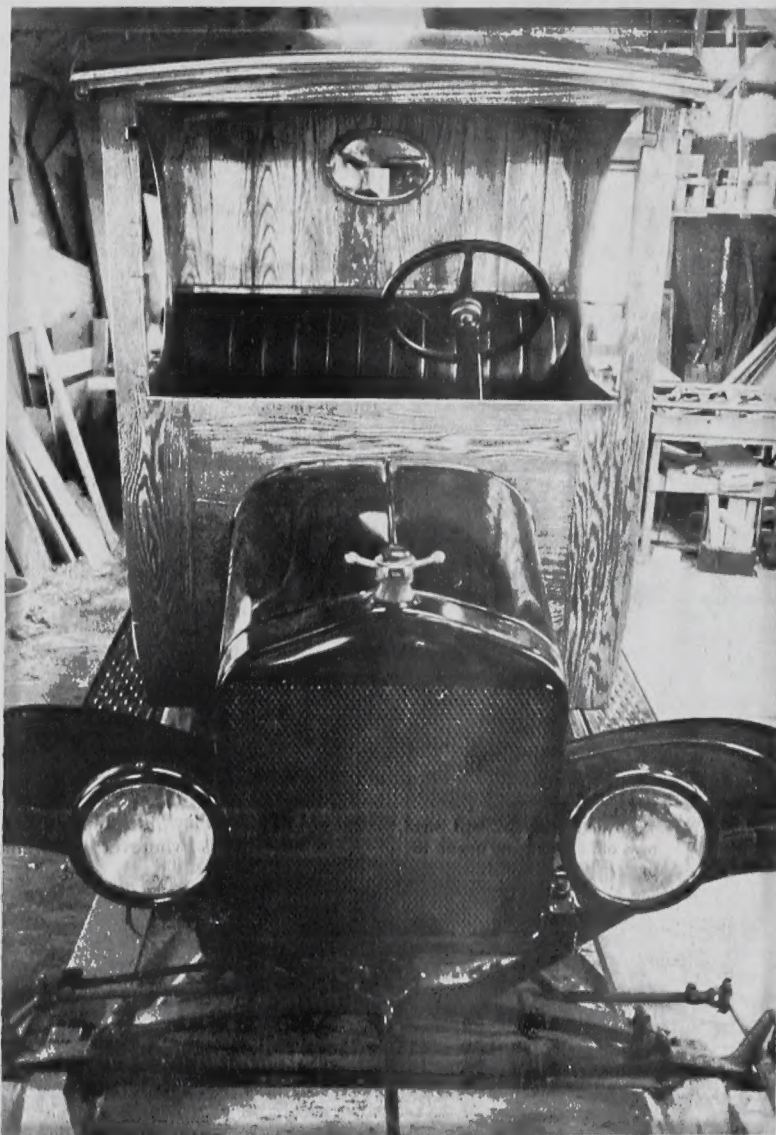

The men say they have gotten invaluable help and advice from Charlie Heard and Allan Bagg, and from Russell Bain and Bill Peck,

Please turn to Page 9

Derek Rolfe, right, and his son Paul are shown putting some of the finishing touches on the 'C' cab they have constructed for a 1921 Model 'T' Ford truck

owned by Charlie Heard of Eagle Lake. Looking on is Brian, the Rolfe's golden labrador.

This front view shows the original metal work on the 1921 Ford Model 'T' truck and the wooden cab that has been constructed by Paul and Derek Rolfe for the truck's owner, Charlie Heard. The vehicle is expected to be completed and ready for the road later this spring.

Sunlight streaming in through the workshop windows highlights the rich grain and beautiful finish of the oak timber that was used for construction of the truck

cab and box. The wood grew and was milled in Haliburton County.

Old Books...Old Friends

The nicest gift by far that I received for Christmas was the bookcase that my husband built for me into the recess of dead space in our hallway. There are now five lovely hardwood bookshelves which I finally got around to filling last week.

My poor books had been stowed away in boxes for four years, neglected and unused. Browning, Keats, Dante. Books gleaned from my Grandpa's shelves, when he was selling the old farm. Schoolbooks, of my father's and my aunt's youth. Shakespearean readers that my stern, strict Dad garnished with caricatures most likely drawn while he was supposed to be concentrating on Macbeth. I prize these, because they prove he had a flaw or two.

I had completely forgotten some of the treasures I possessed. 'Uncle Tom's Cabin', 'Rip Van Winkle' and Goethe's 'Faust' surprised me. We got a chuckle out of the ten 4" x 6" volumes, circa 1910, called the 'Pocket Library of the World's Essential Knowledge'. Can you imagine? On the other hand, I was delighted to see my 'Little Nature Library of Butterflies, Birds, Trees, and Wildflowers'.

Some of these books are dear, old friends I struggled through in high school. I was one of those oddballs who loved English Lit. I was a bookworm, and a secret poet. (Who reads poetry?). I did, and then laboriously filled spiral notebooks with dreamy, mushy, rhyming nonsense, that would embarrass me to tears should I chance upon it today.

I found 'The Rime of the Ancient Mariner', my favourite of all time. I still recall the "Water, water, everywhere, And all the boards did shrink; Water, water, everywhere, Nor any drop to drink."

It was part of the section of verses I had to recite in school, and it is firmly implanted in my mind forevermore. The poem fascinated me then, and each time I bring it out, I understand more of it, and never like it less.

I've found that to be true with most of my old friends from school. 'A Tree Grows in Brooklyn' was another story I enjoyed years ago. Last summer my neighbour discovered it in her bookshelves and loaned it to me. As much as I had liked it in grade ten, it was just a story then. Now reading it again, after having acquired some knowledge of what the world was all about during the depression years, I found the book meant so

A century celebrated!

Ellen Knight celebrated her 100th birthday last Wednesday and enjoyed the company of friends and relatives. Mrs. Knight is a resident of Hyland Crest Home in Minden and enjoys good health. She enjoys reading and can do so without the aid of glasses.

Hyland Crest resident marks 100th birthday

Ellen Knight, the oldest resident of Hyland Crest Home in Minden, was honoured last Wednesday on the occasion of her 100th birthday.

Mrs. Knight took an active part in the celebration, enjoying cake and tea and talking with the many well-wishers who attended the afternoon party.

Although she can no longer walk unaided, and must use a wheelchair, Mrs. Knight is in good health, has an excellent memory, and can still read without glasses.

Members of her family prepared the brief history of Ellen Knight's first century:

On February 6, 1885, a baby girl, the first child for William and Emma Gagnon, was born in the Township of Alice near Pembroke. She was christened 'Ellen Watt Gagnon'. In the years to follow, she had three brothers and two sisters with whom to romp and play.

When Ellen was seven years old, William Gagnon decided to take his family and move to Copper Cliff. Here he found employment in the smelting beds. The Gagnons' home was situated where the slag-dumps are now located on the outskirts of Copper Cliff.

In 1900 Ellen Knight's father decided farming was a more healthful vocation and purchased a farm in Waters township four and a half miles northwest of Copper Cliff. The present site of Lively is located on this property.

Ellen had completed her formal education when the family moved to the farm but there were many chores to keep her busy. When she was old enough she began to work at Creighton as a store clerk and postmistress, leav-

ing to speak Finnish and Italian. In 1910 she went to Toronto and attended the Toronto Bible College, graduating in 1912.

Following graduation, she returned to work as postmistress at Creighton and occasionally at Frood Mine.

Four years later, she married Edison Knight, a carpenter and pattern-maker at INCO, and took up residence in Copper Cliff. Her, the couple's two daughters were born.

Ellen Knight was very active in church and community work. She is a Life Member of the former WMS and a Charter and Life Member of Copper Cliff United Church Women. She enjoyed raising flowers and vegetables. Ellen and Edison were members of the Sudbury Horticultural Society. She was a valued member of the Canadian Red Cross during WW II and belonged to the Copper Cliff Rebekah Lodge until it disbanded.

After Edison Knight was pensioned in 1948, their summers were spent visiting their daughters and families, returning in the fall to Copper Cliff.

Mrs. Knight lived most of

her life in the Copper Cliff area and only after her husband's death did she consider moving. In 1967 she moved to Ingoldsby to be closer to one of her daughters. After a period of illness in 1975, she went to live at Hyland Crest Senior Citizens Home at Minden.

Mrs. Knight has outlived her brothers and sisters. Her oldest daughter Annetta Jackson resides at Kemptville while her other daughter lives at Lochlin. She has five grandchildren, seven great grandchildren and several nieces and nephews who live mainly in the Sudbury area.

who have practical experience with the old vehicles.

The two craftsmen estimate that they have put more than 350 hours of work into the project so far, and many more hours of work will be needed before it is completed.

But as the photos accompanying this story show, the result is sure to turn heads wherever the vehicle may go in future years.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Wilberforce News

By WINNIE SCHOFIELD

We are happy to report that Olive Atkinson, after a successful operation, is back at her home in Tory Hill and feeling very well. Olive appreciated all those acts of kindness from neighbours and friends during her illness. It was a wonderful experience to find that so many people really cared about her welfare.

Members of the ACW met recently for their monthly get together. After a period of devotion a quilting took place. Sylvia Cameron had prepared a quilt for those ladies who would apply their fine stitches. Mrs. Violet Bowen had made up and contributed two quilt tops. One of these, composed of many colourful squares was made ready by Sylvia for tying. On display were articles collected for distribution to those in need of warm clothing. Many of these were children's garments. A number of those on display had been knitted and donated by Evelyn Johnston and her sister Kay Leach.

As youth Education Chairman for Branch 624 of the Royal Canadian Legion and Representative Chairman for Zone 5, Walter Klapow gives a great deal of his time to the Legion sponsored school project in which students compete for excellence in a contest of posters, essays and poems. The winners are those who best portray the student's awareness of Canada's great war effort in the past. On February 1 Walter Klapow and Harry Dingley visited the Wilberforce elementary school to present awards to pupils who had contributed during the 1984 competition. With children from Grade 1 to 4 assembled in one of the class rooms, an air of expectation could be sensed as the following names were announced and the winners came forward to receive their awards. For best posters in Grade 1: (1) Bradley Crane; (2) Tim Hughes; (3) Paul Simpson. Grade 2: (1) Becky Townsend; (2) Charlotte Abrams; (3) Aaron Outram.

Best Essays Grade 3: (1) Erica Simpson; (2) Jennifer Coumbs; (3) Eddie Even-dem. Grade 4: (1) Michelle Anderson; (2) Tammy Lee; (3) Brenda Blackburn.

Best Poems Grade 3: (1) Clare Werner. Grade 4: (1) Brenda Blackburn; (2) Joyce Vaughn.

Prizes awarded were certificates, statuettes and currency. Following the presentation Mr. Dingley distributed chocolate bars to all the pupils and pictures were taken of the winners.

The World Day of Prayer will be shared by many countries and across Canada as people gather to worship on this day of inter-denominational prayer and fellowship. The women of India have prepared this year's service with the theme of Peace Through Prayer and Action. In Wilberforce the service will be held on Friday, March 1 at 7:30 p.m. at the Wilberforce United Church.

The Gary Agnew Memorial Tournament will be held

on February 16 beginning at 8 a.m. The competitors in the one-day tournament include Apsley, Bancroft, Oshawa, Norwood, Wilberforce and three teams from the Peterborough area.

Come out and enjoy a day of hockey.

Volunteers are needed for the executive of Wilberforce Minor Hockey during the 1985-86 season. Anyone wishing to help us out please contact Gary Lanigan 448-2782 or Sally Stoughton 448-2725. Please give us your support.

Kinmount Korner

By MILLIE MOSS

Would you be interested in a trip to Las Vegas for four days and three nights and staying at the luxurious Vegas World Hotel? There are approximately 20 to 25 people already interested and ready to go. The rate is \$358.35 return and includes air fare and hotel and you will be leaving these cold climes on February 28. If you are interested, or for further information call "Sis" at the Dominion Hotel in Minden, 286-1751.

The Kinmount Branch #441 Legion Ladies' Auxiliary have been busy of late. Saturday, February 2, they formed two teams and travelled to the Lindsay Legion to meet others from numerous areas in a dart tournament. There were 22 teams in all and hear this: Kinmount's two teams came out on top. It was then that the two teams had to play for the championship, best two out of three games. Section A: Captain Vi Crego, Sports Officer Gladys Silver, Vivian Anderson and Olive Morgan. Section B: Bernice Owens, Cecile Shettler, Lil Taylor and Kay Allen. First game of the playoffs was won by Section B but Section A came up with a win in both of the following games and were very proud indeed to bring home for the very first time, the dart trophy won by the Kinmount Legion Ladies' Auxiliary. Congratulations champs!

On Sunday, February 3 some 63 soldiers from Toronto who were camping near Gelert on maneuvers over the weekend were fed lunch by the Legion Auxiliary. Everyone seemed to enjoy the day.

John Pyke was on the sick list with flu last week. Get well soon John.

Welcome home from a few days in Toronto to Joan and Ken Hyams.

A very happy 90th birthday to Mrs. Mary Hills on Saturday, February 9. More on that next week.

Many happy returns of the day, also, to Irene McIlwain, Paul Franzen and Hilda Chynoweth, '39 on February 13. Bill Moss Sr. enjoyed phone calls from his sisters who live in Toronto and Florida, for his birthday.

Visitors at the home of Hilda Chynoweth for a few days include: Janice and Kelly McHale, Della Howard and family from Orangeville, Stephen McHale who flew to Toronto from Thunder Bay and Belinda Haavalsrud flying to Toronto from Hornepayne where they met Barbara McHale thence driving up to the old homestead to join the rest of the family. More on this one next week also.

Everyone is cordially invited to attend the Norland Community Hall on Friday, February 15 at 2:30 p.m. Mrs. Doris Winchester will be guest speaker and will be showing very interesting slides of CatScan. You are now able to place your CatScan donations with Rotha Bryant, Norland, 454-3771, Dorothy Brown, Norland, 454-3458 or Doreen Barker, RR 1, Kirkfield, 454-3607. This is a very good cause and the life it could save may be your own.

Results of the Galway euhre are: men's high, Jim Nightingale; men's low, Tom Yates; ladies' high, Ida Young; ladies' low, Flo Drinkle; most lone hands, Ruth Menard.

Congratulations to Jim and Muriel Nightingale on Sunday's Bonspiel in Minden.

Mr. and Mrs. Wes Stata were guests at the home of Bertha, Bill and Keith Stata last week.

I'm told Lyle Anderson was back into hospital for surgery. Get well soon Lyle. I was glad to hear that Mrs. Wilson (Tom's mother) and Hugh Phillips are both home from hospital.

Many folks are down with colds and or flu, including

Rotha Bryant, John Pyke, W.D. Moss, Flo and Al Jopling and as I write this I do believe I may also be a victim. Get well very soon, all of you.

Results of St. James' six tables of euhre last Tuesday, February 5 are: ladies' high, Ann Cain; ladies' low, Vi Cooke; men's high, Dick Holbrook, who also held most lone hands; and men's low, John Lonsdale.

Welcome home to Flo Schlosser who has spent some time in Florida. Flo tells me she kept up on the "back home news" while there, as Bertha and Norm Bamford who are also there at Panama City Beach kept bringing their copy of the Echo over for her to read. They have their copy of the Echo mailed to them down there.

Charlene and Steven Fountain were weekend guests of Clara and Ambrose Watson.

Results of St. Patrick's CWL card party, Tuesday, January 29 were: ladies' high, Violet Schroeter; ladies' low, Norah Brandon; men's high, Ester Graham; men's low, Father Tom; lone hands, Ambrose Watson.

Please turn to Page 11

Norland Natter

By KELLY GRAHAM

Happy Valentine's Day. I hope you all take the time to let that special someone know you care.

It is also a great time of the year to remember those less fortunate than yourself. You may express that concern by donating to the CatScan fund. Dorothy Brown and Rotha Bryant will collect donations from this area and if you wish to donate in the name of a deceased loved one a card stating that, will be sent to the funeral home. The local council wishes to thank Mrs. Brown and Mrs. Bryant for generously offering their time for this valuable cause.

The winner of the hockey pool last week was Deb Magee. I failed to report the winner of the week before that which was Rhonda Cooper. Congratulations to both the lucky ladies.

Alice McFarland, a longtime Fenelon resident, passed away recently. Maybe you will remember her and her deceased husband as the folks who used to run McFarland's shoe store in Fenelon, a store that is now known as Kelly's Emporium. Buryel Kipp, of Norland, recently returned from Thornhill where she stayed with her sister Verna Green, who was recovering from an

eye operation.

Students at Coboconk Public School will soon be starting their electives program. Each Friday afternoon the grades five to eight may choose to participate in a wide variety of activities including cooking, gymnastics and typing.

On February 19 the grade seven and eight students at Norland Public School will be going cross-country skiing at Byrnell Manor in Fenelon.

There is a new club being formed in Coboconk for kids 10 to 13 years of age. The

Navy League Cadet Corps is open to both girls and boys and will meet at 7:15 every Tuesday at the Coboconk Legion. Sailing, swimming and seamanship are just a

few of the activities that will be taught. For more information call Bonnie at 454-3722.

Congratulations to Debbie Chynoweth, of Norland, who recently became engaged to Robert Gerrow, of Cannington.

On Sunday, February 17 there will be an outdoor skating party at Ward Memorial Park in Norland. The afternoon of fun starts at one and will end around four. Free refreshments will be served.

Mrs. Hudson, a teacher at Norland Public School, will be having a book fair at the Norland Town Hall on Wednesday, February 13. The books will be on sale after school as well.

Northern Lights

from page 9
much more to me.

So now, in those snatches of spare time, I'll re-read the 'Tom Swift' and 'Five Little Peppers' of my childhood. I'll even try to muddle through Shakespeare, Coleridge, and Browning of my high school days. Perhaps I'll get wisdom, or feel humble, or just have fun.

NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LANDS

The Ministry of Natural Resources has now prepared a draft forest management Operating Plan for Crown lands of the Minden District for the period from 1985 to 1990. The timber on designated areas of Crown land is grown and harvested on a sustained yield basis to provide employment and forest products for Ontario's economy.

This operating plan lists the stands to be harvested and the cutting methods to be employed. It also includes an estimate of the timber yields to be obtained and a timber sales programme for disposal of the timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for resolution of specific land-use conflicts are also contained in this operating plan.

Persons and organizations who wish to review and comment on this plan prior to its approval may do so up to and including March 8, 1985 by contacting the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0, telephone 286-1521. Those persons who made submissions following the June 1984 notice will be advised of the outcome of their concerns.

from page 10

On January 26 a shuffleboard tournament was held in the Legion Branch #129 in Haliburton. The winning team was Bobcaygeon and Lindsay team #2 was in second place. These two teams advance to District which will be held in Belleville on March 9. It was a beautiful day and thanks to the ladies for the sandwiches and coffee.

January 27 Zone F4 bowling was held in Fenelon Falls bowling lanes with 13 teams consisting of Fenelon Falls, Bobcaygeon, Lindsay, Ome-see, Sunderland and Coboconk. The team play was won by Fenelon Falls with Lindsay in second place and Bobcaygeon in third place. Doubles saw Coboconk take first place, with Fenelon Falls placing second and third. Singles top spot went to Fenelon Falls followed by Lindsay in second and third place. Ross Wilson ran the tournament for Zone F4 and along with Sports Officer Albert Crego wishes to thank one and all for turning out and making such a good day of it.

Zone F4 snooker was held in Coboconk on February 2. There was a good turnout with 14 players from Fenelon Falls, Brechin, Cannington, Bobcaygeon and Coboconk. Coboconk's #2 team were the winners with Cannington's #1 team being runners up. Cannington's #2 and #3 teams were consolation prize winners. Neil Brogan got high run with 30 points. Thanks once again to the ladies for the hot meat pies, sandwiches and coffee. When Albert Crego, sports officer, said hot meat pies he repeated "and I mean hot!"

Girls and boys, to become a navy league cadet, you must be at least 10 and not over 13 years and able to spend Tuesday nights training at Royal Canadian Legion Hall, Coboconk, 7:15 p.m. You get uniforms, inter-corps meets and parades, outdoor fun, learn seamanship, learn to swim, learn rope work, other nautical themes and movies. Join the Navy League Cadets now! President is Naval Officer Lt. Sidney Ernest Thomas (RCN-RCNR-RCNVR), com-

manding officer is Captain Rick Cole, Bexley Township, executive officer is Bill Moss, Norland. Bonnie Camerand is secretary, Marg Michel is treasurer. A Wrenette officer is still needed so come on ladies there must be one of you out there who could fill this position. Boys and girls are invited to join from Norland, Coboconk, Kinmou Norland, Coboconk, Kinmount and Kirkfield. For further information call Sid Thomas, 454-3724, Bonnie, 454-3722 and Bill Moss, 454-8171.

Joan Hyams has also had flu but is trying hard to be well by Tuesday as that is the day she enters hospital for eye surgery on Wednesday. We'll all be thinking of you Joan.

Our thoughts and prayers also go out to Father Brooks. Winter Carnival, broom-

ball, snow/ice sculpture, bring your own sleds/togogans and ride the hills. Enjoy the weekend of February 17/18 at the Kinmount Fairgrounds. There will be no skating because of the broomball games but will continue the following week as usual. I have been asked to pass along the following question to all of you who wanted the skating periods on weekend evenings - where are you? Last Friday evening there were only two skaters who showed up. If you wish times for this truly Canadian pastime call Joan at 488-2301.

All you ailing people get well, the rest of you stay well and happy, read the Echo and remember: you can know a great deal about a person by what he says about others. Call me at 488-2353.

Minden News

By MAIZIE AUSTEN

I would like to wish you all a happy Valentine's Day on February 14.

There will be movies at the Library/Cultural Centre for the children on Friday, February 15 from 7:15 to 8:15. Admission is free.

The annual Pancake Supper will be held at St. Paul's Anglican Church on Tuesday, February 19 from 5 p.m. to 7 p.m. Adults \$2.50, children 6-12 \$1.50 and under 6 free.

Don't forget the public skating all during February, every Tuesday at the Minden arena from 1:30 p.m. to 2:30 p.m. Everyone is welcome.

Thought for the day... people soon forget how fast you did your job but they long remember how well you did it.

A very happy birthday to David Ackers on Saturday, February 23. Have a good day David. We all miss you.

The Women's Institute will be meeting at the Library/Cultural Centre on Wednesday, February 20 at 2

p.m. All ladies are welcome.

Household Hint: Coffee or tea stains - pour boiling water from a height of two to four feet through the stained fabric which has been stretched out over a bowl. Then wash thoroughly in hot sudsy water. Be careful the water doesn't spill on you.

The winners of last Thursday afternoon's card party were the following: lone hand, Ida Holmes. Others were Marg McAffie, Joyce Hewitt (on a cut), Pat Moore and Joe Dollo.

Don't forget the Rotary bingo on Tuesday, February 26 at the Minden Community Centre. This will be a chicken bingo with other prizes and surprises. It sounds like a fun evening for all. Early bird at 7:30 p.m.

I received a beautiful card and note of appreciation from the Kelly family for a piece I had put in the paper earlier on their loss of a loved one. It was a lovely thought.

We wish Lyle McKnight a speedy recovery after suffering a stroke. Get well soon, Lyle.

I'm having the same prob-

lem as Mrs. Moss. People compliment me on the column and say they will phone in any news, but you never hear from them again. It's impossible to print the news if you don't hear anything about it. I do get a lot of calls from persons wondering why something had not been put in the paper, something I hadn't heard. So get on that phone and get that news to me before 10 a.m. on the Monday morning to get it in on time for the Wednesday paper. No news, no more column. Please call 286-3607. I'll be waiting for that news. Thank you.

I hope this is the right recipe someone asked for. French Canadian Pea Soup - 1 lb. dried peas, 6 cups cold water, 1 lb. salt pork, sliced, 2 medium onions, chopped, 1 tsp. parsley, chopped, 1 tsp. savoury, 1 tsp. salt and pepper to taste. Wash the peas and drain well. Place in soup pot and cover with cold water. Let soak overnight. Add remaining ingredients and bring to a boil. Reduce

heat, simmer gently from 3 to 4 hours. This soup is thick, if thinner soup is desired, add a little more boiling water. Serve hot with crusty French loaf.

A speedy recovery to Lorna Hogg, who spent some time in Minden Hospital last week. We hope you are feeling better soon, Lorna.

I had a letter from Linda Lewis and Michele MacDonald. They said to say hi to all their friends and they miss you all. Michele and William miss their school friends. Michele said to tell them she had to have a lung operation when she left and has to keep a machine handy to clear the congestion from the lung but other than that they were fine.

That's all for this week. Don't forget to get that news phoned in. Drive carefully and keep well. I hope to see you all next week.

"WHERE THE ACTION IS"

Senior League

By BERT HARRISON

Dear readers, by the time this letter reaches you February will be half gone. How the time does fly and the weeks go passing by. Soon the snow will be all gone and we'll be sitting on the grass upon the lawn.

Our head nurse, Melinda O'Mara and her husband have gone to Jamaica on a holiday, but we don't know for how long.

Chapel service was held Sunday night and we thank Rev. Burgess for a job well done. He gave a very interesting talk on the prodigal son. It is good to have Doris with us again. She has been under a doctor's care with a lame back. We were afraid that if she stayed away much longer she might get the sack.

Monday morning down at fun and fitness where we

play games galore such as dropping the balls through the holes in the ramp. Lola Prentice made a perfect score.

Congratulations to Margaret Gainforth, we would like to say; she had a birthday this fourth February day.

I had my grandson and wife and four grandchildren call on me Sunday. From North Carolina they came all the way. Others had relatives call over the weekend too, but I really don't know just who.

Our cleaners work day after day to keep this place clean. Some of them are fairly stout and others fairly lean.

Father Brooks of Kinmount Anglican Church conducted a nice communion service in the chapel, this lovely February 5 day. We thank him for coming, also

Fred Ballard who came to play the music.

Doris showed us movies Tuesday night - 'Family Camping' and 'Down Through the Enchanted Isles', which was quite a sight.

This was a great day for Ellen Knight. Congratulations we would like to say, for she is celebrating her 100th birthday. To say the least she is really a dear. She reads without glasses and doesn't drink beer. She comes down to fun and fitness in her wheelchair. There is seldom a morning she isn't there always looking so neat and trim. She takes part in the games and sometimes she wins. Very best wishes from all of us here to a really fine lady who we all hold most dear. May God's richest blessing rest upon you not only today, but all the way

through the year.

Helen Brown had a birthday this 7th February day. Congratulations we want to say.

Thursday afternoon the ladies of the Haliburton Legion came down to Hyland Crest; they brought and served a lunch and were our special guests. We would have liked to play them some tunes to welcome them but we were booked for a resident council meeting.

Ted Carr went to Peterborough on Wednesday, to have a cataract taken off his eye, in which he was almost blind. He was back home the same day and he is seeing fine.

Lillie Hogg is missing her roommate Edna Cowan who is on holiday, but Edna will be back soon.

The man with push will pass the man with pull.

BOWES & COCKS LIMITED REALTOR

Coboconk news

By SHEILA LAKE

Friends of Dick Wynn, a winter resident of Gulfport, Florida, will be saddened to learn of his sudden death there on Sunday, February 3. Dick and his wife, Peggy, have been summer residents at Shadow Lake, Coboconk for over 20 years. (Thank you, Lula, for the information.)

Sunday guests at the home of Roy and Marion Newman were Rick and Jan Barley from Burlington, Ontario; also dinner guests were Rev. Arthur and Mrs. Bartlett and Timothy from Lindsay and Miss Cynthia Wyne of R.R. 1, Coboconk.

Our sympathy to Ken and Shirley Russell and family and Dean Leary and family in the loss of Shirley's father and Dean's brother, Nelson Leary, who died late Wednesday night. Nelson, though 80 years of age and battling cancer for many years, was active right up to the end. Even last summer, he was a busy man, driving his dump truck, hauling sand and gravel. Nels had been in the trucking and heavy equipment business all his life and was known wide and far. His cheery smile will be missed around the local garages, and more especially, around the Shell service station at the corner of Hwy. 35 and 48 since his grandson, Kenny Russell bought the business recently.

A letter from a friend at Wooler informed me on Friday of the sudden death at Belleville General Hospital of Mrs. Joseph Montgomery formally of R.R. 1, Kirkfield (Bexley) and later, of R.R. 1, Wooler. Mrs. Edith Montgomery was in her 88th year and had lived with her niece, Jean, Mrs. Homer Leavitt, at Wooler, until very recently, when she went to Green Acres Nursing Home, Bay-side, at Belleville. Her many old neighbours at Bexley will be sorry to learn of her death. Sympathy goes out to the relatives at Bexley and

area as well as the Wooler relatives.

Bob Barbour and his wife Stella have been enjoying a winter holiday in the Canary Islands.

Congratulations to my neighbour, Fanny Richman, who is celebrating her 80 plus birthday on February 15.

For those of you with cottages in the area, be sure and check your cottage roof. Hubby and I trekked back to a certain cottage on Shadow Lake last week and believe me, the snow is deep on some roofs.

Winners in the seniors card games held in Coboconk Community Hall on Tuesday night are as follows. Euchre - ladies' first, Norma Herbert, 77; second, Jean Thompson, 71; most lone hands, Jean Thompson, 4; consolation, Marjorie Fountain; gents' first, Ed Coppin, 71; second, Ken Bowins, 67; most lone hands, Tom Bowins, 3; consolation, Doug Taylor, 41. Bridge - first, Jack Purdow, 5770; second, Marion Sim, 4990; consolation, Noreen Putebough, 860.

I notice a 'Sold' sign on the Balsam Arms Restaurant out west of Coby. I wish the new owners lots of success and trust they enjoy the area and are able to keep busy in the food business.

Have you dropped in to the Millworks lately? The cozy atmosphere make shopping a pleasure and they do have a good selection of bulk foods and some nice antiques.

The Coboconk, Rosedale, Norland Trade Association is a group of people very dedicated to bringing some life back into our little community. Co-operation rather than competition will be the theme and the following people are most anxious to attract new business to our area.

President is Guy Gislason at 454-8988. Vice President is Lloyd Taverner at 454-3313 and Director is Sally Cox at 454-1116. Already a schedule of events are planned as follows. May 18-19, Chil-

dren's Days; June 15-16, Cottagers' Days; June 30, Canada Day, with a parade, picnic, sports, music in the parks; July 13, Water Sports; July 27, Lions Carnival; July 27, Legion Smorgasbord; Aug. 3-4, Honour Horses Day - open class horse pull, horse and wagon parade, bandwagon, hay - wagon rides, pony rides; Aug. 10-18, Art and Sculpture Show; Aug. 10-11, Bass Fishing Contest; Aug. 31, Country Music Festival; Sept. 1-14, Sportsman's Days - fall fishing contest, trap shoot competition, archery shoot, hunting safety; Oct. 12, Thanksgiving - country auction, gourmet cooking, sea-son wind up party and dance.

Downtown Coboconk has been sort of deserted as several businesses have closed up. Looking at the large apartment building that at one time housed a

laundromat and bake shop, just south of the bridge, across from Frank Real Estate, I cannot help but think of the 'Good Old Days' when that building was fully occupied and kept in good repair by Arn and Phyllis Richardson, who owned it and lived there. Now it is so deserted and almost seems to say, "Hey, I need some attention - I'm useful - won't someone care that I have so much space sitting empty!" If only we can again fill up such buildings and make the whole area come alive again. It can be done and some people are working very hard towards that end.

The Burnt River Somerville Centre is well used, with 4H club, school badminton games, bingo, etc. Every Friday night there is bingo for those who are interested, early bird games begin at 7:30 p.m. and regular games at 8 p.m.

West Guilford News

By E. COOPER

A family supper party last week at George Nicholls' included Alma Morrison, Sharon and Carl Upton and the Greg Coopers. They watched our local star, Bernie Nicholls, pull his team up to a 4-all tie with two goals against the Philadelphia team. It's always fun to watch our enthusiastic and dedicated player.

Marge and Don Sisson are in Oshawa for a few days. Mrs. Phrona Sisson accompanied them to visit her daughter, Elois Somerville.

March will be Red Cross month. Instead of canvassing this year, the canvassers are organizing a talent night and proceeds from it will go to

the Red Cross Society. More details will follow.

Cheryl and Tim Priest of Toronto were visitors for the weekend at Joan and Basle Cooper's.

Most of St. Andrew's Anglican congregation supported the highly successful camboose dinner prepared by Mark Schell and served at the Legion hall on Saturday night. It was the first fund raising event in aid of the future extension of St. George's church. Over 300 people tasted the variety of meat which included moose, beaver, (its name was Cleaver!), rabbit (a la Salvatori), venison, buffalo and tame boar (ham). Scrumptious, homemade pies finished the meal, which will long be remembered as a happy as well as successful event.

Currys tie Emmerson

from page 7

deadlock the game once more. Willie Greber was the marksman, with Brian Black providing the assist.

Near the half way point of

the period Emmerson once again took the lead on a goal by Tom Curry, who was aided on the play by Steve Roberts.

It looked like Emmerson

would add yet another win to its impressive season, but the motormen had other ideas, and with 1:27 left on the clock, Brian Black tied the score at three with help from Greber and Glen Scully.

The tie left the lumber team with a record of 11 wins, two losses and a tie on the season, while the motormen remain well off the pace with a record of three wins, nine losses and two ties.

The night's second game was a high scoring, aggressively played match with some serious penalty calling needed to keep a lid on the action in the third period.

Dwight Sisson opened the scoring for Haliburton Lumber at 8:01 of the first period. Guy Ramsey replied for Bishop and Wilson at 13:47 to tie the score at one apiece.

With 5:04 left in the first frame Dean Curry put Haliburton Lumber out in front, and they kept the lead until the midway point of the third period when the surveyors managed to deadlock the game once more.

Curry scored once again at the 50 second mark of the second period to make it 3-1 for the lumbermen, and a little over two minutes later, Dwight Sisson made it 4-1.

At 8:05 of the period, Luke Schell tallied for the surveyors, and a minute later, Bishop and Wilson added another one to narrow the gap to a single goal.

With 8:23 left to play in the second frame Dean Curry notched his second of the night and the lumbermen had a two goal cushion once again.

The third period saw eight goals pumped into the nets at both ends of the rink, but when the smoke cleared it was Haliburton Lumber who found themselves well out in front.

Sisson scored yet another marker for Haliburton Lumber less than a minute into the final period, but the surveyors stormed back with three in a row to tie the score at six on markers by Ed Davis, Ken Riley and Luke Schell.

Dwight Sisson notched goal number seven for the lumbermen with 5:17 remaining in the game, and Dean Curry added two markers, the game winner with 3:24 left on the clock and an insurance marker at 1:24.

Greg Bishop tallied for the surveyors in the final seconds to leave the score 9-7 in favour of the lumbermen at game's end.

presented in the Paper. In Option "A", the Family Allowance would remain at \$31.27 per month. The Child Tax exemption would be eliminated and the Child Tax Credit increased to \$595 per child from the current \$362. In this option, reduction in benefits would begin for families with incomes of approximately \$23,000.

In Option "B", the Family Allowance would be reduced to \$20 per month. The Child Tax exemption would be reduced to \$240 per year and the Child Tax Credit would be increased to \$610 per child from \$367. In this option, reduction in

benefits would begin for families with incomes of approximately \$28,000.

Both these options are consistent with our commitment to the universality of Family Allowances and the rejection of the use of means tests. They have been put forward solely to focus discussion on the issue. If Canadians feel changes are needed, the method chosen may or may not resemble these options. We will await your response before coming to any policy decisions. Groups and individuals who wish to comment on these issues may do so by writing to the Hon. Jake Epp, Minister of National Health and Welfare, Brooke Claxton Building, Tunney's Pasture, Ottawa, Ontario, K1A 0K9. As the Standing Committee on Health has been asked to report to the House by the end of March, you should forward your comments as soon as possible.

Monmouth curling

from page 7

coming from the far reaches of Combermere and Bowmanville as well as Bancroft and many points in between, it promises to be a special day as the ladies need not lift a finger, except to curl, throughout the entire spiel. The Macho Men of Monmouth will be catering to their every whim. At great expense, a renowned chef has been imported to oversee dinner and through the day, each rink will have their own man-in-waiting on and off the ice. Rumour has it that every available babysitter has already been booked as the ladies await their well deserved day of leisure. The day's activities will be preceded by a Valentine's Fun Night at the club, Friday, February 15 from 8 p.m. and everyone is welcome.

Conseil de la radiodiffusion et des télécommunications canadiennes

CBC Decision CRTC 85-72. Haliburton, Ont. Pursuant to public notice CRTC 1984-309 dated 14 December 1984, the Commission approves the application to amend the broadcasting licence for CBLV Haliburton by changing the frequency from 1,400 kHz to 710 kHz. This change in frequency will enable the CBC to avoid a loss in CBLV's night-time service to Haliburton that will occur when former Class IV stations using the 1,340 kHz frequency implement their authority to increase their power.

DEATH NOTICE

AT REST HARRISON, CECIL MORWICK
(Retired National Trust). It is with deep sadness we announce the peaceful passing of Cecil Harrison, after a prolonged illness, at the St. Joseph's Health Centre, Our Lady of Mercy Wing on Wednesday, January 30, 1985. Much loved husband of Edythe Mae (nee Moore). Dear brother of Florence (Mrs. Bert Johnston) of Haliburton, Ross and his wife Muriel of Carnarvon and their son Tom (Toronto). Brother-in-law of Marjorie (Mrs. Clifford Robinson) of St. John, N.B. and their son George and wife Val (East Riverside, N.B.), Dorothy (Mrs. H. Sabiston) of Toronto, Andrew and Bess (Mr. and Mrs. A. Moore). Sadly missed by many nieces and nephews. A private family service was held at the Turner and Porter York Chapel, 2357 Bloor St. W. Saturday, February 2, 1985 at 3 o'clock. Our sincere thanks to Mrs. White and all staff for their long, loyal and dedicated service and support at the Our Lady of Mercy Wing, 208B. 31-P-13

AT REST WILFRED FAIRFIELD
After a lengthy illness at Ross Memorial Hospital Lindsay on Thursday, February 7, 1985 Wilfred James Fairfield of R.R. #3, Fenelon Falls in his 77th year. Beloved husband of Grace (Patterson). Dear father of Laura Jane (Mrs. Richard Bennett) of Waterloo, Marion (Mrs. Bert Brumwell) of Lindsay, Constance (Mrs. Robert Coulter) of Cannington and Frances (Mrs. Peter Graham) of Oshawa. Dear grandfather of 12 grandchildren. Son of the late James and Jane Fairfield. Dear brother of Mary Walling of Haliburton, Dorothy Hadfield of Toronto, Muriel Bond of Dalrymple and Mildred Scott of St. Andrews By-the-Sea, New Brunswick, and the late Marjorie McCaw, Hazel Colling, and Gladys Waters. Lovingly remembered by many nieces and nephews. Visitation was held in Illman-Platten Funeral Home in Fenelon Falls on Friday, February 8, 1985 for funeral service at St. Andrews Presbyterian Church, Fenelon Falls on Saturday, February 9 at 2:00 p.m. Interment later Fenelon Falls Cemetery. Memorial donations to the Victoria-Haliburton Lung Association would be appreciated by the family. A Masonic Memorial Service auspices of Spry Lodge #406 was held at the funeral home on Friday evening. 31-B-13

Agricultural News

By MARK LEAHY,
Farm Management
Specialist

Applications are now being accepted for pasturing cattle on the Victoria County Community Pasture. Yearling steers and heifers weighing between 350 and 750 lbs. can be accepted. One ranch will be set aside for heifers from Free Listed Herds.

All animals must be vaccinated for Blackleg and Malignant Edema before April 1. It is recommended that all breeding animals be vaccinated for leptospirosis. All animals should be vaccinated for I.B.R.

The grazing charge this year will be .23 cents per pound gain, with a minimum charge of \$46 per head.

All animals going on pasture will receive a fly insecticide tag and be implanted at the wish of the owner. Animals must be identified by the owner.

The pasture is under the supervision of the Farm Manager.

Application forms are available at the Lindsay Agricultural Office.

Grazing rights will be granted depending on the number of producers interested.

Deadline for applications is 4:30 p.m. Thursday, February 28, at the Lindsay Agricultural Office.

Meat Makes Sense
Canada's meat industry is a big business supplying

Canadian consumers with over 10 million pounds of meat daily. Meat is an essential part of the diet as recommended in Canada's Food Guide.

According to Larry Campbell, Chairman of the Steering Committee for Meat Awareness Month, consumers purchase about 120 lbs. of meat annually. Consumption has been quite steady in recent years. The mix of the meat consumed (beef, pork, veal, lamb) varies from year to year depending on the current supply and demand conditions.

The goal of meat awareness month, February 1985, is to strengthen the partnership between consumers and suppliers of meat products. The real challenge is to inform today's health conscious, active consumer, that red meat plays a vital part in a healthy, well balanced diet. Meat is an excellent source of complete, high quality protein and an important source of numerous vitamins and minerals. Canada's Food Guide recommends two servings of meat or alternates every day. Red meat is especially important for its iron content. The iron content of the diet of many Canadians is often insufficient.

The meat industry is dynamic and is constantly working to bring to the marketplace products that suit today's demand. Reduced fat has been the significant result of changes in livestock

producer breeding and feeding programs, of industry and government designed grading systems, and of changed processing and retailing operations. Today's meat is much leaner than most consumers believe. New research at the University of Guelph shows that lean meat cuts are quite comparable in calorie content to chicken and fish. The fat content of meat as listed in Canadian nutritional tables is overestimated by a considerable margin.

Meat is economical. Consumers today spend less of their disposable income on meat, than ever before, only about 3%. Meat prices have risen at a slower rate than average disposable income. There is a cut of meat for every budget. Consumers should recognize that lean meat from the less tender, lower priced cuts is generally just as nutritious as the more

expensive cuts.

Not only is meat an excellent source of many nutrients necessary for good health, but it is a significant part of a healthy agricultural economy. Canada has about 125,000 beef, hog and lamb producers. Employment in meat processing numbers around 33,000 people. Sales of meat animals yield returns to farmers of over \$5 billion annually.

In conjunction with Meat Awareness Month, the Rural Organizations and Services Branch of the Ontario Ministry of Agriculture and Food have planned a provincial program entitled "Meat Matters". This seminar and Cooking Demonstration will take place on Tuesday, March 19, in Lindsay. Watch for more information regarding times and location. This will be an opportunity to discover why meat makes sense.

Drop-in Centre

from page 9
tive of Haliburton who has returned to this area. Already she is planning new and interesting programs for the Drop-in Centre. We know that you will enjoy them. We welcome all seniors and disabled persons to participate. More information and details will be available in the "Drop-in Centre" news section commencing soon. Katherine welcomes your input for suggestions for programs.

The Haliburton County Home Support Services Drop-in Centre is located in the Drag River Municipal Building opposite Emmerson Lumber in Haliburton.

Please feel free to drop in any weekday between 9 a.m. and 4 p.m. for a rest, a cup of tea or coffee. Card games for beginners and experts are at 1:15 p.m. Monday - Bridge; Wednesday - Euchre; Friday - Cribbage. Everyone is always welcome.

Maple dieback studied

from page 3
Dr. Linzon.

The role acid rain plays in maple dieback will be determined in the Huntsville/Parry Sound study through analyses of woodlot samples and a thorough historical overview of the plots tested. Through this process, the role of acid rain and other natural factors will be accurately assessed. Results of the study are expected to become available in early 1985.

Other aspects of maple decline will be examined in the study. Photographs will be taken of selected trees during each visit. Foliage and roots will be chemically analysed in the phytotoxicology lab of Toronto for calcium, magnesium, potassium, aluminum, lead, cadmium, boron, chloride and starch contents. Soil will be analysed for pH, base saturation and texture. Radial growth increment cores will be removed and examined. Trees will be examined for the presence of disease or insect manifestations. Sugar maple regeneration will also be recorded.

There is important reasoning behind the team's visits to selected woodlots under study. Their first visit was in early June. Since trees had then just put out their foliage, forest canopies should have looked green and

healthy, except for the presence of dead branches. At the end of July, Dr. Linzon and his team looked for foliage discoloration - leaves changing colour before they should. This is the first sign of branch dieback. In the third week of September, healthy trees should still have green leaves. Affected trees will show signs of premature discoloration.

A questionnaire was also given to sugar maple producers to determine background and ecological information, including sap production, in the selected woodlots.

"Producers don't see any decline in maple syrup production at present and most didn't mention any problems with sugar content and flavour. But they are worried about the potential for decreased production as a result of tree decline," said Dr. Linzon.

One out of every 10 Canadian jobs depends on our forests, and Canadian forestry products are valued at more than \$20 billion yearly. Although damage to forests has been evident for some time in Ontario, no firm evidence exists to prove that this damage is caused by acid rain.

Mike Harris, M.P.P. for Nipissing, is concerned about the damage acid rain may cause to Ontario's forest. "Environment Ontario realizes the importance

of sugar maple and of timber to the economy of Northern Ontario, and will investigate this problem very thoroughly," Mr. Harris said.

More important than production, says Dr. Linzon, is the threat of a forest catastrophe. "We have heard about forest catastrophes occurring in the U.S. with red spruce dieback and in Europe with the European beech and Norway spruce trees. The closes we have to this is maple dieback in both Ontario and Quebec," said Dr. Linzon.

To be able to monitor for such widespread damage, Dr. Linzon and his team have encouraged the Canada Forestry Service of the Canadian Department of the Environment to implement an Early Warning Monitoring System in 1985. This system will be based on a similar project currently going on in Germany. The Canadian Forestry Service will establish about 75 plots to various tree species across Canada to look for any early warning systems or unexplained injuries which could be attributed to acid rain.

"There is no forest that will ever be 100 percent healthy anywhere in the world. But there is a substantial amount of dieback in our maple trees, and we are determined to find out why," said Dr. Linzon.

WINTER CARNIVAL PROGRAM

Friday, Saturday & Sunday, February 15, 16, 17, 1985

Friday, February 15th

- 3:00 P.M. FRIDAY to 2:00 P.M. SUNDAY: FISH DERBY, Contact Mike Easton - Red & White for information.
4:00 P.M.: ICE SCULPTURE JUDGING, anyone interested in entering contact Marvin Varty at 457-1975 or Don Robinson 457-2289 to arrange viewing.
4:00 - 7:00 P.M. - FREE FAMILY SKATING at Arena. Bring your entire family for an evening of fun.
5:00 - 7:00 P.M. - CHILI SUPPER at Arena Auditorium, sponsored by C.G.I.T. Adults - \$3.00, Children \$2.00
6:00 P.M. - PINESTONE INN CURLING BONSPIEL begins at Haliburton Curling Club. Visitors welcome. Coordinator Phyllis Woodcock 457-2824.
7:30 P.M. - RAILS' END GALLERY - Opens with displays of crafts from Haliburton's Past and Present.
7:30 P.M. - OMHA ATOM PLAYOFFS, Haliburton Atom Huskies vs. Cannington. Plan to support your team.
9:00 P.M. - TEEN DANCE at Legion Auditorium & CROWNING OF CARNIVAL QUEEN. Contact Roger Dart at 457-1330.

Saturday, February 16th

- 7:30 A.M. to 11:00 A.M. - TRAPPERS PANCAKE BREAKFAST at the Legion Auditorium.
8:00 A.M. - PINESTONE INN CURLING BONSPIEL continues at Curling Club.
ALL DAY: SKI-NANIGANS AT SIR SAM'S
Dress in Costume and Ski for Half Price
10:00 A.M. - 4:00 P.M. - CROSS COUNTRY SKI PARTICIPATION demonstration at Haliburton Museum and Rails End Gallery.
10:00 A.M. BAKE SALE at Curry Motors Showroom. Also light lunches served sponsored by the Eastern Star Ladies.
11:00 A.M. SNOWMOBILE DRAG RACES at Head Lake - Lake conditions permitting.
12:00 NOON - 2:00 P.M. - CRAZY CARPET & SLEIGH RIDES at Victoria Street School
12:00 NOON - 4:00 P.M. C.H.A.C.E. PLACE OPEN TO PUBLIC, refreshments available at Lakeview Centre.
1:00 P.M. - ULTRA LIGHT AIRPLANE DEMONSTRATION, Head Lake, Rotary Beach.
1:30 P.M. - HORSE DRAWN SLEIGH RIDES at the Haliburton Arena Grounds.
2:00 P.M. - LUMBERMANS SHOW at the Dysart Ball Diamond. Contact Al Bag 754-2538.
4:00 P.M. to 6:30 P.M. LASAGNA SUPPER at the Legion Auditorium - sponsored by St. Anthony's Roman Catholic Church Women.
7:00 P.M. - OMHA PEE WEES PLAYOFFS - Haliburton Arena - Haliburton Pee Wees vs. Beaverton.
8:30 P.M. - OMHA MIDGET PLAYOFFS - Haliburton Arena, Haliburton Midgets vs. Fenelon Falls.
Plan to Support Your Team.
9:00 P.M. - GALA CARNIVAL DANCE, at Royal Canadian Legion live music by "China Heart". Special Occasion Permit. No minors allowed. Draw for Weekend for 2 in Toronto.

Sunday, February 17th

- 10:00 A.M. to 12:00 NOON - CHURCH SERVICES at all Local Churches. Those in winter attire welcome.
NOON: - ADULT SNOWMOBILE TRIP. Contact Ken Langdon. Leaves town dock at noon.
1:00 P.M. - CURRY MOTORS GIANT SLALOM at Sir Sam's Ski Area, Eagle Lake.
1:30 P.M. - 3:30 P.M. FAMILY SNOWMOBILE TRIP, Contact Scott LaRue. Leaves government dock at 1:30 p.m.
2:30 P.M. - 4:30 P.M. - SKATING CARNIVAL by the Haliburton Figure Skating Club. Plan to attend this Gala Event.
12:00 NOON to 6:00 P.M. - THIRD ANNUAL INTERNATIONAL DART TOURNAMENT at the Haliburton Legion.

Skiers are invited to participate in our excellent trail system.
